7-12-4422. Assessment of costs — area, frontage, lot, and taxable valuation options. (1) For the purposes of this section, "assessable area" means the portion of a lot or parcel of land that is benefited by the maintenance district. The assessable area may be less than but may not exceed the actual area of the lot or parcel.

(2) The city council shall assess the percentage of the cost of maintenance established in 7-12-4425 against the entire district as follows:

(a) each lot or parcel of land within such district may be assessed for that part of the cost which its assessable area bears to the assessable area of the entire district, exclusive of streets, avenues, alleys, and public places;

(b) each lot or parcel of land within such district abutting upon a street upon which maintenance is done may be assessed for that part of the cost which its street frontage bears to the street frontage of the entire district;

(c) if the city council determines that the benefits derived from the maintenance by each lot or parcel are substantially equivalent, the cost may be assessed equally to each lot or parcel located within the district without regard to the assessable area of the lot or parcel;

(d) each lot or parcel of land, including the improvements thereon, may be assessed for that part of the cost of the district which its taxable valuation bears to the total taxable valuation of the property of the district; or

(e) any combination of the assessment options provided in subsections (2)(a) through (2)(d) may be used for the district as a whole or for any lot or parcel within the district.

History: **En. Sec. 16, Ch. 770, L. 1991.**

7-13-302. Definitions. As used in this part, the following definitions apply:

(1) "Board" means the board of directors as provided in 7-13-305.

(2) "Counties" means the commissioners of the counties creating the joint district.

History: **En. Sec. 18, Ch. 770, L. 1991.**

7-13-304. Municipalities authorized to contract with joint districts. Joint districts may enter into agreements to provide solid waste disposal services but not collection services to municipalities located in adjoining counties that do not participate in the district. An agreement is subject to the approval of the county commissioners in the county in which the municipality is located.

History: **En. Sec. 19, Ch. 770, L. 1991.**

7-13-305. Board of directors. (1) The board of a joint district must be appointed by the counties.

(4) The board may provide for an executive committee that has the authority to exercise all powers of the joint district, except that the entire board shall meet at least once a year to elect officers and select the executive committee. An executive committee must include at least one representative from each of the counties.

(a) service charges authorized in 7-13-307;

(b) grants or contributions from the state or federal government; or

(c) other sources.

(2) The bonds may be issued by resolution of the joint district without an election and without any limitation of the amount, except that bonds may not be issued at any time if the total amount of principal and interest to become due in any year on the bonds and on any then-outstanding bonds for which revenue from the same source or sources is pledged exceeds the amount of the revenue to be received in that year as estimated in the resolution authorizing the issuance of the bonds. The board shall take all action necessary and possible to impose, maintain, and collect rates, charges, rentals, and taxes, if any are pledged, sufficient to make the revenue from the pledged source in a year at least equal to the amount of the principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Except as otherwise provided in this part, bonds issued pursuant to this part by a joint district may be payable in principal and interest solely from revenues of the joint district and must state on their face the applicable limitations or restrictions regarding the source from which the principal and interest are payable.

(4) Bonds issued by a joint district under this part are issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-111(2)(a).

(5) For the security of any bond, the joint district may by resolution make and enter into any covenant, agreement, or indenture. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from any revenue referred to in this part prior to the payment of current costs of operation and maintenance of the solid waste management system.

(2) The amount of bonds issued for the purposes provided in subsection (1) and outstanding at any time may not exceed 22.5% of the taxable value of the property in the joint district as ascertained by the last assessment for state and county taxes prior to the issuance of the bonds.

(3) Each year at the time of levying county taxes, the board of county commissioners of each county in the joint district shall fix and levy a tax upon all property in the county within the joint district that is sufficient to raise the amount certified by the board of directors of the joint district for payment of bonded indebtedness of the district.

A copy of the resolution, certified by the secretary, must be delivered to the county clerk and recorder of the county in which the lot, tract, or parcel is located within 2 days after passage of the resolution and not later than the July 15 preceding the county's next fiscal year.

(3) At any time within 30 days after the date of the first publication of the notice of proposed assessments, any owner of property to be assessed for the costs of making the improvements may make written protest against the levy of assessments. The protest must be in writing, identify the property in the district owned by the protestor, and be signed by all owners of the property. The protest must be delivered to the secretary of the district not later than 5 p.m. of the last day of the 30-day period provided for in this subsection. The secretary shall endorse the date and hour of receipt on the protest.

(4) If the board of directors finds that a protest with respect to the method or methods of assessment described in the resolution of intention is made by the owners of property in the district to be assessed for more than 50% of the cost of improvements, the board of directors may not use the method or methods of assessment described in the resolution of intention.

7-13-2283. Collection of assessments by county treasurer — delinquencies. (1) When any resolution of assessment has been certified by the secretary and the county clerk and recorder, it is the duty of the county treasurer in the county in which the lot, tract, or parcel is located, in accordance with the provisions of this title, to collect the assessment in the same manner and at the same time as taxes for general and municipal purposes are collected.

(2) When the payment of an installment of a special assessment becomes delinquent, all payments of subsequent installments of the special assessment may, at the option of the board of directors and upon adoption of the appropriate resolutions, become delinquent. Upon delinquency in one or all installments, the whole property must be sold the same as other property is sold for taxes. The enforcement of the lien of any installment of a special assessment by any method authorized by law does not prevent the enforcement of the lien of any subsequent installment when it becomes delinquent.

(1) When any special assessment levied and assessed under any of the provisions of this part is considered unlawful by the party whose property is assessed, the person may pay the assessment or any part of the assessment considered unlawful under protest to the county treasurer.

(2) After the payment, the party or the party's legal representative may bring an action in any court of competent jurisdiction against the officer to whom the assessment was paid or against the district on whose behalf the assessment was collected to recover the assessment or any portion of the assessment paid under protest. Any action instituted to recover the assessment paid under protest must be commenced within 60 days after the date of payment.

7-13-2285. Procedure to correct assessment and to relevy. (1) Whenever, by reason of any alleged nonconformity to law or by reason of any omission or irregularity, any special assessment is either invalid or its validity is questioned, the board of directors may make all necessary orders and may take all necessary steps to correct, reassess, and relevy the assessment, including the ordering of the improvement, with the same force and effect as if made at the time provided by the law or resolution relating to the assessment. The board may reassess and relevy the assessment or tax with the same force and effect as an original levy.

(2) Any special assessment, upon reassessment or relevy, must, so far as practicable, be levied and collected the same as it would have been if the first levy had been enforced. Any provision of any law specifying a time when or order in which acts must be done in a proceeding that may result in a special assessment is subject to the qualifications of this part.

(3) Whenever any assessment is made and any property is assessed too little or too much, the assessment may be corrected and reassessed for the additional amount that is proper or the assessment may be reduced, even to the extent of refunding the assessment collected.

Part 23

County Water and/or Sewer Districts
Continued

7-13-2301. Establishment of charges for services — payment of charges. (1) The board of directors shall fix all water and sewer rates and shall, through the general manager, collect the sewer charges and the charges for the sale and distribution of water to all users.

(2) The board, in furnishing water, sewer service, other services, and facilities, shall review, at least once every 2 years, and from time to time fix the rate, fee, toll, rent, or other charge for the services, facilities, and benefits directly afforded by the facilities, taking into account services provided and direct benefits received, that will be sufficient in each year to provide income and revenue adequate, with the collections of any special assessments levied pursuant to 7-13-2280 through 7-13-2289 and appropriated, for:

(a) the payment of the reasonable expense of operation and maintenance of the facilities;

(b) administration of the district;

(c) the payment of principal and interest on any bonded or other indebtedness of the district; and

(d) the establishment or maintenance of any required reserves, including reserves needed for expenditures for depreciation and replacement of facilities, as may be determined necessary from time to time by the board or as covenanted in the ordinance or resolution authorizing the outstanding bonds of the district.

(3) A person or entity may not use any facility without paying the rate established for the facility. In the event of nonpayment, the board may order the discontinuance of water or sewer service, or both, to the property and may require that all delinquent charges, interest, penalties, and deposits be paid before restoration of the service.

(4) (a) If the board has ordered discontinuance of service as provided in subsection (3) and the person or entity who received the service has not made full payment of all delinquent charges, interest, penalties, and deposits, then a district may elect to have its delinquent charges for water or sewer services collected as a tax against the property by following the procedures of this subsection (4). If a charge for services is due and payable in a fiscal year and is not paid by the end of the fiscal year, the general manager shall, by July 15 of the succeeding fiscal year, give notice to the owners of the property to which the service was provided. The notice must be in writing and:

(i) must specify the charges owed, including any interest and penalty;

(ii) must specify that the amount due must be paid by August 15 or it will be levied as a tax against the property;

(iii) must state that the district may institute suit in any court of competent jurisdiction to recover the amount due; and

(iv) may be served on the owner personally or by letter addressed to the post-office address of the owner as recorded in the county assessor's office.

(b) On September 1 of each year, the general manager shall certify and file with the county assessor a list of all property, including legal descriptions, on which arrearages remain unpaid. The list must include the amount of each arrearage, including interest and penalty. The county assessor shall assess the amount owed as a tax against each lot or parcel with an arrearage. If the property on which arrearages remain unpaid contains a mobile home, the amount owed must be assessed as a tax against the owner of the mobile home. If the mobile home for which arrearages remain unpaid is no longer on the property, the amount owed must be assessed as a tax against the property.

(5) In addition to collecting delinquent charges in the same manner as a tax, a district may bring suit in any court of competent jurisdiction to collect amounts due as a debt owed to the district.

(6) Notwithstanding any other section of part 22 or this part or any limitation imposed in part 22 or this part, when the board has applied for and received from the federal government any money for the construction, operation, and maintenance of facilities, the board may adopt a system of charges and rates to require that each recipient of facility services pays its proportionate share of the costs of operation, maintenance, and replacement and may require industrial users of facilities to pay the portion of the cost of construction of the facilities that is allocable to the treatment of that industrial user's wastes.

(b) until all other expenses or claims are fully paid, levy upon all of the lands of the district and cause to be collected the proportionate share to be borne by the land located in their county of a tax sufficient for the payment thereof, to be known as the .... district water and/or sewer tax.

(3) Such taxes for the payment of any such bonded debt shall be levied on the property benefited thereby, as stated by the board of directors in the resolution declaring the necessity therefor, and all taxes for other purposes shall be levied on all property in the territory comprising the district.

(2) The notice must be given:

(a) by posting in five public places within the county and within the boundaries of the lands upon which the tax is to be levied;

(3) The notice must describe the general character of the improvement or improvements proposed to be made, state the estimated cost, and designate the time when and the place where the governing body will hear and pass upon all protests that may be made against the making or maintenance of the improvements or the creation of the district. (2) The governing body may not delete any portion of the proposed area that is contributing or may reasonably be expected to contribute to the pollution of any watercourse or body of water in the proposed area.

(3) For the purpose of subsection (2), it is conclusively presumed that an area that is within 1,500 feet of a proposed or existing sanitary sewer is contributing to the pollution of a watercourse in the proposed area.

History: En. Sec. 14, Ch. 282, L. 1991.

7-13-3018. Status of federal property within district. Whenever any lot, piece, or parcel of land belonging to the United States fronts upon the proposed work or improvement or is to be included within the district, the governing body shall in the resolution of intention declare that the lots, pieces, or parcels of land must be omitted from the assessment to be made to cover the cost and expenses of the work or improvement, and the cost of the work or improvement in front of the lots, pieces, or parcels of land must be paid by the local government from its general fund.

History: En. Sec. 15, Ch. 282, L. 1991.

7-13-3019. Restriction on assessments following change of boundaries. Nothing in 7-13-3013 permits the assessment of the cost of the system against the lands remaining in the district after a boundary change at a higher rate per square foot than the rate per square foot that would have been assessed if the entire cost of the improvements as estimated in the resolution of intention had been assessed against each lot and parcel of land included within the boundaries of the district as described in the resolution of intention unless a new resolution of intention to recreate the district is adopted and a hearing is held on the new resolution after notice as required for the original resolution of intention.

(2) At the time fixed, the governing body shall meet and hear all objections and for that purpose may adjourn from day to day. The governing body may by resolution modify the assessment in whole or in part. A copy of the resolution, certified by the clerk of the local government, must be delivered to the local government treasurer within 2 days after its passage.

Subject to 15-10-420, the port authority may request annually from the governing bodies the amount of tax to be levied by each municipality participating in the creation of the port authority, and the municipality may levy the amount requested, pursuant to provisions of law authorizing cities and other political subdivisions of this state to levy taxes. The levy made may not exceed the maximum levy permitted by 67-10-402 for port purposes or any lower limit that may have been established by the municipality or municipalities in the resolution creating the authority. The municipality shall collect the taxes requested by a port authority that it has authorized in the same manner as other taxes are levied and collected and make payment to the port authority. Retroactive Applicability: Section 175, Ch. 584, L. 1999, provided that this section applies retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 1998.

7-14-1132. County tax levy. In counties supporting ports of port authorities, a levy authorized in 67-10-402 may be made for such purposes.

History: En. Sec. 12, Ch. 456, L. 1985.

7-14-1133. Bonds and obligations. (1) Except for providing financial support to a private development organization, including a corporation organized under Title 32, chapter 4, whose purpose is to advance the economic development of its jurisdiction and of the state and its citizens, an authority may borrow money for any of its corporate purposes and issue bonds, including refunding bonds, for any of its corporate purposes. The bonds may be in the form and upon terms as it determines, payable out of any revenue of the authority, including revenue derived from:

(a) any port or transportation and storage facility;
(b) taxes levied pursuant to 7-14-1131 or 67-10-402;
(c) grants or contributions from the federal government; or
(d) other sources.

(2) The bonds may be issued by resolution of the authority, without an election and without any limitation of amount, except that bonds may not be issued at any time if the total amount of principal and interest to become due in any year on the bonds and on any then outstanding bonds for which revenue from the same source is pledged exceeds the amount of revenue to be received in that year, as estimated in the resolution authorizing the issuance of the bonds. The authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, and rentals and to request taxes, if any are pledged, sufficient to make the revenue from the pledged source in such year at least equal to the amount of principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Except as otherwise provided in this part, any bonds issued pursuant to this part by an authority may be payable as to principal and interest solely from revenue of the authority or from particular port, transportation, storage, or other facilities of the authority. The bonds must state on their face the applicable limitations or restrictions regarding the source from which principal and interest are payable.

(4) Bonds issued by an authority, county, or municipality pursuant to the provisions of this part are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-111(2)(a).

(5) (a) For the security of bonds, the authority, county, or municipality may by resolution make and enter into any covenant, agreement, or indenture and may exercise any additional powers authorized to be exercised by a municipality under Title 7, chapter 7, parts 44 and 45. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from any revenue referred to in this part, prior to the payment of current costs of operation and maintenance of the facilities.

(b) As further security for the bonds, the authority, with the approval of the governing body of the county or municipality that created the authority, may pledge, lease, sell, mortgage, or grant a security interest in all or any portion of its port, transportation, storage, or other facilities, whether or not the facilities are financed by the bonds. The instrument effecting the pledge, lease, sale, mortgage, or security interest may contain any agreements and provisions customarily contained in instruments securing bonds, as the commissioners of the authority consider advisable. The provisions must be consistent with this part and are subject to and must be in accordance with the laws of this state governing mortgages, trust indentures, security agreements, or instruments. The instrument may provide that in the event of a default in the payment of principal or interest on the bonds or in the performance of any agreement contained in the proceedings authorizing the bonds or instrument, the payment or performance may be enforced by mandamus or by the appointment of a receiver in equity. The receiver may collect charges, rental, or fees and may apply the revenue from the mortgaged property or collateral in accordance with the proceedings or the provisions of the instrument.

(6) Nothing in this section or 7-14-1134 may be construed to limit the use of port authority revenue, including federal and state money as described in 7-14-1136, to make grants and loans or to otherwise provide financial and other support to private development organizations, including corporations organized under the provisions of the development corporation act in Title 32, chapter 4. The credit of the state, county, or municipal governments or their agencies or authorities may not be pledged to provide financial support to the development organizations.

History: En. Sec. 13, Ch. 456, L. 1985; amd. Sec. 22, Ch. 370, L. 1987; amd. Sec. 4, Ch. 507, L. 1989; amd. Sec. 10, Ch. 640, L. 1991; amd. Sec. 3, Ch. 22, L. 1995.

7-14-1134. Method of funding deficiency. (1) Subject to the conditions stated in this section, the governing body of a county or of a municipality having a population in excess of 10,000 may by resolution covenant that if at any time all revenue, including taxes, appropriated and collected for bonds issued pursuant to this part are insufficient to pay principal or interest then due, it will levy a general tax upon all of the taxable property in the county or municipality for the payment of the deficiency. The governing body may further covenant that at any time a deficiency is likely to occur within 1 year for the payment of principal and interest due on the bonds, it will levy a general tax upon all the taxable property in the county or municipality for the payment of the deficiency. The taxes are not subject to any limitation of rate or amount applicable to other county or municipal taxes but are limited to a rate estimated to be sufficient to produce the amount of the deficiency. If more than one local government is included in an authority issuing bonds pursuant to this part, the local governments may apportion the obligation to levy taxes for the payment of, or in anticipation of, a deficiency in the revenue appropriated for the bonds in a manner that the local governments may determine.

(2) The resolution must state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies.

(3) (a) A resolution is not effective until the question of its approval has been submitted to the qualified electors of the local government at a special election:

(i) called for that purpose by the governing body of the local government;

(ii) held in conjunction with a regular or primary election; and

(iii) approved by a majority of the electors voting on the question.

(b) The notice and conduct of the election is governed, to the extent applicable, as provided for municipal general obligation bonds in Title 7, chapter 7, part 42, for an election called by cities and towns, and as provided for county general obligation bonds in Title 7, chapter 7, part 22, for an election called by counties. If a majority of the electors voting on the issue vote against approval of the resolution, the local government may not make the covenant or levy a tax for the payment of deficiencies pursuant to this section. The local government or authority may issue bonds under this part payable solely from the sources referred to in 7-14-1133(1).

Road Improvement Districts

Part Cross-References

General provisions related to county roads, Title 7, ch. 14, part 21.

7-14-2901. Road improvement district — purpose — benefited property defined. (1) The board of county commissioners may establish road improvement districts in those areas of the county that are not within the limits of an incorporated city or town.

(2) The purpose of a road improvement district is to allow a public entity to assess owners of parcels of land directly benefited by a proposed public road or a public road within the county that is not a county road or a highway to

provide for the construction, reconstruction, upgrade, repair, or maintenance of the proposed public road or a public road that does not meet the standards of 7-14-2111 or 7-14-2112.

(3) For the purposes of this part, "benefited property" means land within the district that receives a direct benefit from the road for which the road improvement district was created. A parcel of land is not benefited property if the parcel is within the district solely because the road passes over the property to provide access to benefited property. A parcel of land within the district used solely for agricultural purposes is not considered benefited property.

History: En. Sec. 1, Ch. 308, L. 1989; amd. Sec. 1, Ch. 319, L. 1999.

Compiler's Comments

1999 Amendment: Chapter 319 in (2) near middle after "provide for the" substituted "construction" for "road's" and at end inserted "of the proposed public road or a public road that does not meet the standards of 7-14-2111 or 7-14-2112" and deleted former second sentence that read: "The county surveyor must determine that it would be physically impractical to improve the road to standard county road specifications." Amendment effective October 1, 1999.

7-14-2902. Creation of road improvement district — resolutions — hearing. (1) The board of county commissioners may establish a road improvement district upon petition of at least 60% of the landowners in the proposed district. The petition must:

(a) describe the boundaries of the proposed district;

(b) describe the proposed improvement;

(c) estimate the total cost of the improvement and suggest the method of making landowner assessments;

(d) if the improvement is a service, such as snowplowing, estimate the length of time the service is to be provided; and

(e) describe the manner of providing the improvement, such as through contract with a private party or local government.

(2) To establish a road improvement district, the board shall:

(a) pass a resolution of intent to form the district. The notice of intent to form the district must:

(i) be posted at three places within the proposed district;

(ii) be published as provided in 7-1-2121;

(iii) be mailed as provided in 7-1-2122 to every person, firm, or corporation or to the agent of the person, firm, or corporation owning real property within the proposed district listed in the name of the person, firm, or corporation upon the last completed assessment roll for state, county, and school district taxes; and

(iv) specify the method or methods by which the costs of the improvements are assessed against property in the district;

(b) (i) hold a public hearing no earlier than 30 days or later than 90 days after passage of the resolution of intent;

(ii) accept written protests at the hearing from property owners of the proposed district; and

(iii) receive general protests and comments at the hearing relating to the establishment of the road improvement district and its boundaries, service levels, or any other matter relating to the proposed district; and

(c) pass a resolution creating the road improvement district. The district is created effective 60 days after passage of the resolution unless by that date the owners of property in the district to be assessed for more than 50% of the cost of the proposed work, in accordance with the method or methods of assessment described in the resolution of intention, protest its creation.

(3) Based on testimony received in the public hearing, the board in the resolution creating the road improvement district may establish different boundaries or change the manner in which the area will provide services to its residents. The board may change district boundaries only if all landowners affected by the change were given written notice of the public hearing as provided in subsection (2)(a)(iii).

(4) The board of county commissioners may alter the boundaries or dissolve a road improvement district, using the same procedures required for the creation of a road improvement district. Any existing indebtedness of a road improvement district that is dissolved remains the responsibility of the owners of benefited property within the district, and any assets remaining after all indebtedness has been satisfied must be returned to the owners of property within the district.

History: **En. Sec. 2, Ch. 308, L. 1989.**

7-14-2903. Authority to conduct improvements. Upon petition of a majority of the landowners in a road improvement district, a board of county commissioners may authorize the reconstruction, upgrade, repair, maintenance, or other road improvement to be performed by the district. Before the board may authorize the improvement, notice must be mailed to the landowners of the road improvement district, as provided in 7-1-2122, and a public hearing must be held if one is requested in writing by any landowner in the district.

History: **En. Sec. 3, Ch. 308, L. 1989.**

7-14-2904 through 7-14-2906 reserved.

7-14-2907. Cost of road improvement districts — property owner assessments. (1) The cost of operating a road improvement district must be assessed upon all the benefited property in the district based upon the benefits received, and the board of county commissioners shall adopt one or any combination of the following methods of assessment for improvements made for the benefit of the district:

(a) Each parcel of benefited property assessed in such district may be assessed with that part of the whole cost which its assessable area bears to the assessable area of all the benefited parcels in the district, exclusive of roads and public places. For the purposes of this subsection (1)(a), "assessable area" means an area of a parcel of benefited property representing the benefit conferred upon the parcel by the improvement. Assessable area may be less than but may not exceed the actual area of the parcel.

(b) Each parcel of benefited property assessed in the district may be assessed with that part of the whole cost of the improvement based upon the assessed value of the benefited parcels of land within said district if the board determines such assessment to be equitable in proportion to and not exceeding the benefits received from the improvement by the parcel.

(c) Each parcel of benefited property in the district abutting upon the road where the improvement has been made may be assessed in proportion to its lineal feet abutting the road.

(d) Each parcel of benefited property in the district may be assessed an equal amount based upon the total cost of the improvement.

(2) The board may use one or any combination of methods of assessment in a single road improvement district and, if more than one improvement is undertaken, need not assess each parcel of benefited property in the district for the cost of all the improvements.

(3) Not later than the first Monday in September of each year, the board of county commissioners shall adopt a resolution levying and assessing upon all the benefited property in the district an amount equal to the total amount necessary for district operations. The amount necessary for district operations is the total of:

(a) (i) the estimated amount for improvements as authorized in 7-14-2903; and

(ii) the amount necessary to pay for debts for authorized improvements that cost more than estimated in previous years;

(b) less any amount in the road improvement district fund, as provided for in 7-14-2908, that may be unspent, unencumbered, and available for district use.

(4) (a) It is the duty of the county treasurer to collect the assessments in the same manner and at the same time as taxes for general purposes are collected.

(b) When an assessment becomes delinquent, the unpaid amount becomes a lien on the assessed parcel of land. The collection of delinquent assessments or enforcement of a lien may be made by any method authorized by law for the collection or payment of taxes.

History: En. Sec. 4, Ch. 308, L. 1989; amd. Sec. 3, Ch. 269, L. 1993.

7-14-2908. Improvement district maintenance fund. The money collected from the assessment provided for in 7-14-2907 must be paid into a road improvement district fund. Each road improvement district shall have a separate road improvement district fund. The fund may only be used to pay for expenses incurred by the district.

Except for a bond to represent any odd amount due in any year, the denominations of the bonds shall be fixed at $100 or some multiple thereof not exceeding $1,000.

(2) The bonds shall be issued as of the date of the warrant and shall bear interest from such date at the rate specified in the resolution of intention. They shall have semiannual interest coupons attached, the first of which shall be payable on January 1 or July 1, as the case may be, occurring 90 days after the date of the bond and shall be for the interest accrued at that time.

The governing body may provide a plan whereby the annual installment may be collected in partial payments prior to the time the installment is due, and the lien of each assessment on the property assessed shall continue and remain in full force and effect for 2 years after the last installment on the assessment becomes due or until the assessment is fully paid.

(2) The number of installments in which the assessment is payable shall correspond to the number of years in which there are bonds to be paid, but the total number of installments shall not exceed 25.

Part 21
County Housing Authorities

7-15-2101. Findings and policy. It is hereby declared that:

(1) unsanitary or unsafe dwelling accommodations exist in rural areas throughout the state, and such unsafe or unsanitary conditions arise from overcrowding and concentration of population, the obsolete and poor conditions of buildings, improper planning, excessive land coverage, lack of proper light, air, and space, unsanitary design and arrangement, lack of proper sanitary facilities, and the existence of conditions which endanger life or property by fire and other causes;

(2) in such rural areas, many persons of low income are forced to reside in unsanitary or unsafe dwelling accommodations;

(3) in such rural areas, there is a lack of safe or sanitary dwelling accommodations available to all the inhabitants thereof, and consequently, many persons of low income are forced to occupy overcrowded and congested dwelling accommodations;

(4) these conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals, and welfare of the citizens of the state and impair economic values;

(5) these conditions cannot be remedied by the ordinary operations of private enterprise;

(6) the clearance, replanning, and reconstruction of the areas in which unsanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses

and purposes for which public money may be spent and private property acquired;

(7) it is in the public interest that work on such projects be instituted as soon as possible; and

(8) the necessity for the provisions hereinafter enacted is hereby declared, as a matter of legislative determination, to be in the public interest.

7-15-2102. Petition to create county housing authority — hearing and notice. (1) Any 25 residents of a county may file a petition with the county clerk setting forth that there is a need for a housing authority to function in the county.

(2) Upon the filing of such a petition, the county clerk shall give notice of the time, place, and purpose of a public hearing at which the board of county commissioners will determine the need for an authority in the county.

(a) whether unsanitary or unsafe inhabited dwelling accommodations exist in the county; and/or

(b) whether there is a lack of safe or sanitary dwelling accommodations in the county available for all the inhabitants thereof.

(2) If it shall determine that either or both of the above-enumerated conditions exist, the board shall adopt a resolution so finding (which need not go into any detail other than the mere finding) and shall thereupon appoint, as hereinafter provided, five commissioners to act as an authority.

(3) If the board, after a hearing as aforesaid, shall determine that neither of the above-enumerated conditions exist, it shall adopt a resolution denying the petition. After 3 months shall have expired from the date of the denial of any such petition, subsequent petitions may be filed as aforesaid and new hearings and determinations made thereon.

(2) When the application has been made, filed, and recorded, the secretary of state shall make and issue to the commissioners a certificate of incorporation pursuant to this part, under the seal of the state, and shall record the same with the application.

7-15-2111. Area of operation of county housing authority — inclusion of municipalities. (1) The area of operation of a county housing authority includes the county but does not include any city unless a resolution has been adopted by the governing body of the city and by any authority established and authorized to exercise its powers in the city declaring that there is need for the county authority to exercise its powers within that city. The resolution is not effective until it has been approved by a majority vote of the electors within the corporate limits of the city or town voting either at a special election held in conjunction with a regular or primary election or at a general election.

(2) If, after the adoption of a resolution or resolutions, an authority is established for any city within the county, the county authority may not initiate any further housing projects within the city without the consent by resolution of the governing body of the city and of the authority established for the city.

7-15-2112. Administration and operation of county housing authority — application of municipal laws. (1) The commissioners of a housing authority created for a county may be appointed and removed by the board of county commissioners of the county in the same manner as the commissioners of a housing authority created for a city may be appointed and removed by the mayor.

(2) Except as otherwise provided in this part, each housing authority created for a county and the commissioners thereof shall have the same functions, rights, powers, duties, and limitations provided for housing authorities created for cities and the commissioners of such housing authorities, and for such purposes, unless a different meaning clearly appears from the context:

(a) the term “mayor” or “council” as used in the housing authorities law and any amendments thereto shall be construed as meaning “board of county commissioners”;

(1) Any housing authority established pursuant to this part and/or the federal government may pay annual sums from rentals in lieu of taxes to any state and/or political subdivision thereof with respect to any real property, including improvements thereon, owned or held by either such housing authority or the federal government.

(2) The amount so paid for any year upon such property shall not exceed the taxes which would be paid to the state and/or subdivision thereof, as the case may be, upon such property if it were not exempt from taxation, with such allowances as may be considered to be appropriate for expenditures by the government for streets, utilities, or other public services to serve such property.

7-15-4202. Existence of blighted areas and resulting problems — statement of policy. It is hereby found and declared:

(1) that blighted areas which constitute a serious and growing menace, injurious to the public health, safety, morals, and welfare of the residents of the state, exist in municipalities of the state;

(2) that the existence of such areas:

(a) contributes substantially and increasingly to the spread of disease and crime and depreciation of property values;

(b) constitutes an economic and social liability;

(c) substantially impairs or arrests the sound growth of municipalities;

(d) retards the provision of housing accommodations;

(e) aggravates traffic problems; and

(f) substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and

(3) that the prevention and elimination of such areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, are conducive to fires, are difficult to police and to provide police protection for, and, while contributing little to the tax income of the state and its municipalities, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization, and other forms of public protection, services, and facilities.

History: En. Sec. 2, Ch. 195, L. 1959; R.C.M. 1947, 11-3902(part).

7-15-4203. Need for redevelopment and rehabilitation of blighted areas. It is further found and declared:

(1) that certain of such blighted areas or portions thereof may require acquisition, clearance, and disposition subject to use restrictions as provided in this part, since the prevailing condition of decay may make impracticable the reclamation of the area by rehabilitation;

(2) that other areas or portions thereof may, through the means provided in this part, be susceptible of rehabilitation in such a manner that the conditions and evils enumerated in 7-15-4202 may be eliminated, remedied, or prevented; and

(3) that to the extent feasible salvable blighted areas should be rehabilitated through voluntary action and the regulatory process.

7-15-4285. Determination and report of original, actual, and incremental taxable values. The officer or officers responsible for assessing and determining the taxable value of the taxable property located within the urban renewal area or industrial district shall, immediately upon receipt of the tax increment provision and each year thereafter, calculate and report to the municipality and to any other affected taxing body the base, actual, and incremental taxable values of such property.

History: En. 11-3921 by Sec. 1, Ch. 287, L. 1974; amd. Sec. 1, Ch. 452, L. 1975; amd. Sec. 2, Ch. 532, L. 1977; amd. Sec. 31, Ch. 566, L. 1977; R.C.M. 1947, 11-3921(part); amd. Sec. 6, Ch. 667, L. 1979; amd. Sec. 7, Ch. 712, L. 1989.

7-15-4286. Procedure to determine and disburse tax increment. (1) Mill rates of taxing bodies for taxes levied after the effective date of the tax increment provision must be calculated on the basis of the sum of the taxable value, as shown by the last equalized assessment roll, of all taxable property located outside the urban renewal area or industrial district and the base taxable value of all taxable property located within the urban renewal area or industrial district. The mill rate determined must be levied against the sum of the actual taxable value of all taxable property located within as well as outside the urban renewal area or industrial district.

(2) (a) The tax increment, if any, received in each year from the levy of the combined mill rates of all the affected taxing bodies against the incremental taxable value within the urban renewal area or industrial district, except for the university system mills levied and assessed against property, must be paid into a special fund held by the treasurer of the municipality and used as provided in 7-15-4282 through 7-15-4292.

(b) The balance of the taxes collected in each year must be paid to each of the taxing bodies as otherwise provided by law.

7-15-4287. Provision for use of portion of tax increment. (1) At the time of adoption of a tax increment provision or at any time subsequent thereto, the governing body of the municipality may provide that a portion of the tax increment from the incremental taxable value shall be released from segregation by an adjustment of the base taxable value, provided that:

(a) all principal and interest then due on bonds for which the tax increment has been pledged has been fully paid; and

(b) the tax increment resulting from the smaller incremental value is determined by the governing body to be sufficient to pay all principal and interest due later on the bonds.

(2) The adjusted base value determined under subsection (1) shall be reported by the clerk to the officers and taxing bodies to which the increment provision is reported.

(3) Thereafter, the adjusted base value is used in determining the mill rates of affected taxing bodies unless the tax increment resulting from the adjustment is determined to be insufficient for this purpose. In this case, the governing body must reduce the base value to the amount originally determined or to a higher amount necessary to provide tax increments sufficient to pay all principal and interest due on the bonds.

When requesting the board of examiners to issue the bonds, the department of commerce shall present to the department of administration for presentation to the board of examiners the following:

(a) evidence satisfactory to the board that venture star has committed itself to locate its project in Montana and has acquired a site for the project; and

(2) municipalities lack sufficient capital to rectify the infrastructure shortage in infrastructure-deficient areas, thus impeding the ability of municipalities to achieve economic growth through the development of secondary, value-adding industries;

(3) the creation of industrial infrastructure is a matter of state policy and state concern because the state and its municipalities will continue to suffer economic dislocation due to the lack of secondary, value-adding industries; and

(4) the state's tax increment financing laws should be used to encourage the creation of areas in which needed industrial infrastructure for secondary, value-adding industries could be developed.

History: En. Sec. 2, Ch. 712, L. 1989.

(c) does not include any property included within an existing urban renewal area district created pursuant to this part;

(d) is found to be deficient in infrastructure improvements for industrial development; and

(e) has as its purpose the development of infrastructure to encourage the growth and retention of secondary, value-adding industries.

(2) An industrial district may use tax increment financing pursuant to the provisions of 7-15-4282 through 7-15-4293.

(2) The bonds may not pledge the general credit of the municipality and must be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from or held in connection with its undertaking and carrying out of urban renewal projects, industrial infrastructure development projects, or aerospace transportation and technology infrastructure development projects under part 42 and this part, including the tax increment received and pledged by the municipality pursuant to 7-15-4282 through 7-15-4292, and, if the income, proceeds, revenues, and funds of the municipality are insufficient for the payment, from other revenues of the municipality pledged to the payment. Payment of the bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the federal government or other source in aid of any urban renewal projects, industrial infrastructure development projects, or aerospace transportation and technology infrastructure development projects of the municipality under this part and part 42 or by a mortgage on all or part of any projects.

(3) Bonds issued under this section must be authorized by resolution or ordinance of the local governing body.

The board or its authorized agent and the landowner or his representative shall inspect the land at an agreeable time, within 10 days of notification of the landowner. (3) A person in possession of the forage that is not in compliance with Title 80, chapter 7, part 9, may not move or dispose of the forage as noxious weed seed free that is subject to embargo until written permission is obtained from the board. If resolution is not accomplished, the board may condemn the forage and implement through its employees any of the conditions set forth in this section. If the board proceeds with correction of these conditions after 30 days, all actual expenses incurred and documented by the board are payable by the producer unless the person in possession of the forage also has an interest in the forage.

(1) The expenses referred to in 7-22-2124 shall be paid by the county out of the noxious weed fund, and unless the sum to be repaid by the person billed under 7-22-2124 is repaid on or before the date due, the county clerk shall certify the amount thereof, with the description of the land to be charged, and shall enter the same on the assessment list of the county as a special tax on the land. If the land for any reason is exempt from general taxation, the amount of such charge may be recovered by direct claim against the lessee and collected in the same manner as personal taxes. (1) Any state agency or local government unit approving a mine, major facility, transmission line, solid waste facility, highway, subdivision, or any other development resulting in significant disturbance of land within a district shall notify the board.

(2) Whenever any person or agency disturbs vegetation on an easement or right-of-way within a district by construction of a road, irrigation or drainage ditch, pipeline, transmission line, or other development, the board shall require that the disturbed areas be seeded, planted, or otherwise managed to reestablish a cover of beneficial plants.

7-22-2153. Voluntary agreements for control of noxious weeds along roads — liability of landowner who objects to weed district control measures — penalties. (1) Any person may voluntarily seek to enter into an agreement for the management of noxious weeds along a state or county highway or road bordering or running through the person's land. The supervisor may draft a voluntary agreement upon the request of and in cooperation with the person. However, the agreement must, in the board's judgment, provide for effective weed management. The weed management agreement must be signed by the person and, upon approval of the board, by the presiding officer. An agreement involving a state highway right-of-way must also be signed by a representative of the department of transportation.

(2) The agreement must contain a statement disclaiming any liability of the board and, if applicable, the department of transportation for any injuries or losses suffered by the person in managing noxious weeds on the state or county highway right-of-way. The signed agreement transfers responsibility for managing noxious weeds on the specified section of right-of-way from the board to the person signing the agreement. If the board later finds that the person has failed to adhere to the agreement, the board shall issue an order informing the person that the agreement will be void and that responsibility for the management of noxious weeds on the right-of-way will revert to the board unless the person complies with the provisions of the agreement within a specified time period.

(3) (a) If a person objects to weed control measures bordering a state or county highway right-of-way and does not enter a voluntary agreement pursuant to subsections (1) and (2) and if the board finds that the person has failed to provide alternative weed control, the board shall issue an order informing the person that the management of noxious weeds on the right-of-way will be undertaken by the board unless the person provides alternative weed control within 30 days.

(b) A person who does not provide alternative weed control within the time specified in subsection (3)(a) is guilty of a misdemeanor and, upon conviction, shall be sentenced pursuant to 46-18-212 and assessed the costs of weed control provided by the board. A second or subsequent conviction is punishable by a fine of not less than $500 or more than $2,000, plus the costs of weed control provided by the board.

7-32-303. Peace officer employment, education, and certification standards — suspension or revocation — penalty. (1) For purposes of this section, unless the context clearly indicates otherwise, "peace officer" means a deputy sheriff, undersheriff, police officer, highway patrol officer, fish and game warden, park ranger, campus security officer, or airport police officer.

(2) No sheriff of a county, mayor of a city, board, commission, or other person authorized by law to appoint peace officers in this state shall appoint any person as a peace officer who does not meet the following qualifications plus any additional qualifying standards for employment promulgated by the board of crime control:

(a) be a citizen of the United States;

(b) be at least 18 years of age;

(c) be fingerprinted and a search made of the local, state, and national fingerprint files to disclose any criminal record;

(d) not have been convicted of a crime for which the person could have been imprisoned in a federal or state penitentiary;

(e) be of good moral character, as determined by a thorough background investigation;

(f) be a high school graduate or have passed the general education development test and have been issued an equivalency certificate by the superintendent of public instruction or by an appropriate issuing agency of another state or of the federal government;

(g) be examined by a licensed physician, who is not the applicant's personal physician, appointed by the employing authority to determine if the applicant is free from any mental or physical condition that might adversely affect performance by the applicant of the duties of a peace officer;

(h) successfully complete an oral examination conducted by the appointing authority or its designated representative to demonstrate the possession of communication skills, temperament, motivation, and other characteristics necessary to the accomplishment of the duties and functions of a peace officer; and

(i) possess or be eligible for a valid Montana driver's license.

(3) At the time of appointment a peace officer shall take a formal oath of office.

(4) Within 10 days of the appointment, termination, resignation, or death of any peace officer, written notice thereof must be given to the board of crime control by the employing authority.

(5) (a) Except as provided in subsections (5)(b) and (5)(c), it is the duty of an appointing authority to cause each peace officer appointed under its authority to attend and successfully complete, within 1 year of the initial appointment, an appropriate peace officer basic course certified by the board of crime control. Any peace officer appointed after September 30, 1983, who fails to meet the minimum requirements as set forth in subsection (2) or who fails to complete the basic course as required by this subsection (a) forfeits the position, authority, and arrest powers accorded a peace officer in this state.

(b) A peace officer who has been issued a basic certificate by the board of crime control and whose last date of employment as a peace officer was less than 36 months prior to the date of the person's present appointment as a peace officer is not required to fulfill the basic educational requirements of subsection (5)(a). If the peace officer's last date of employment as a peace officer was 36 or more but less than 60 months prior to the date of present employment as a peace officer, the peace officer may satisfy the basic educational requirements as set forth in subsection (5)(c).

(c) A peace officer under the provisions of subsection (5)(b) or a peace officer who has completed a basic peace officer's course in another state and whose last date of employment as a peace officer was less than 60 months prior to the date of present appointment as a peace officer may, within 1 year of the peace officer's present employment or initial appointment as a peace officer within this state, satisfy the basic educational requirements by successfully passing a basic equivalency test administered by the Montana law enforcement academy and successfully completing a legal training course conducted by the academy. If the peace officer fails the basic equivalency test, the peace officer shall complete the basic course within 120 days of the date of the test.

(6) The board of crime control may extend the 1-year time requirements of subsections (5)(a) and (5)(c) upon the written application of the peace officer and the appointing authority of the officer. The application must explain the circumstances that make the extension necessary. Factors that the board may consider in granting or denying the extension include but are not limited to illness of the peace officer or a member of the peace officer's immediate family, absence of reasonable access to the basic course or the legal training course, and an unreasonable shortage of personnel within the department. The board may not grant an extension to exceed 180 days.

(7) A peace officer who has successfully met the employment standards and qualifications and the educational requirements of this section and who has completed a 1-year probationary term of employment must, upon application to the board of crime control, be issued a basic certificate by the board, certifying that the peace officer has met all the basic qualifying peace officer standards of this state.

(8) It is unlawful for a person whose certification as a peace officer, detention officer, or detention center administrator has been revoked or suspended by the board of crime control to act as a peace officer, detention officer, or detention center administrator. A person convicted of violating this subsection is guilty of a misdemeanor, punishable by a term of imprisonment not to exceed 6 months in the county jail or by a fine not to exceed $500, or both.

Detention center defined, 7-32-2241.

7-32-2201. Establishing detention center — detention center contract — regional detention center. For the confinement of lawfully committed persons, the governing body of a county may participate in or undertake one or more of the following:

(1) A detention center may be built or provided and kept in good repair at the expense of the county in each county, except that whenever in the discretion of the governing body of two or more local governments it is necessary or desirable to build, provide, or utilize a multijurisdictional detention center, they may do so in any of the jurisdictions concerned. The multijurisdictional detention center shall be built or provided and kept in good repair at the expense of the local governments concerned on a basis as the governing bodies agree.

(2) A county or two or more local governments acting together may provide for the detention center allowed by subsection (1) by:

(a) establishing in the county government the position of detention center administrator and hiring a person, who is answerable to the governing body of the county, to fill the position or appointing the sheriff as detention center administrator; or

(b) entering into an agreement with a private party under which the private party will provide, maintain, or operate the detention center.

(3) The detention centers in this state are kept by the detention center administrators of the local governments in which they are situated. In the case of a multijurisdictional detention center as provided in subsection (1), the detention center shall be kept by the local governments utilizing the detention center on a basis as the governing bodies agree.

(4) The board of county commissioners has jurisdiction and power, under such limitations and restrictions as are prescribed by law, to cause a detention center to be erected, furnished, maintained, and operated. The costs must be paid for out of the county treasury.

7-32-2202. Use of detention center in contiguous county. (1) When there is no detention center in the county or when the detention center becomes unfit or unsafe for the confinement of inmates, the district judge may, by written appointment filed with the clerk, designate the detention center of a contiguous county for the confinement of the inmates of his county and may at any time modify or annul the appointment.

(2) A copy of the appointment, certified by the clerk, must be served on the detention center administrator of each county involved, who must receive into his detention center all inmates authorized to be confined therein pursuant to this section and who is responsible for the safekeeping of the persons so committed in the same manner and to the same extent as if he were the detention center administrator of the county for whose use his detention center is designated. With respect to the persons so committed, he is deemed the detention center administrator of the county from which they were removed.

(3) When a detention center is erected in the county for the use of which the designation was made or its detention center is rendered fit and safe for the confinement of inmates, the district judge of that county must, by a written revocation filed with the clerk, declare that the necessity for the designation has ceased and that it is revoked.

(4) The clerk must immediately serve a copy of the revocation upon the detention center administrator of each county involved. The detention center administrator in the designated county must thereupon remove the inmates to the detention center from which the removal was had.

Because courts-martial are military courts of the military justice system adopted under 10-1-104 and because the federal military appellate courts do not have jurisdiction over national guard members not in active federal service, no appeal to other courts is allowed.

At the end of said extended period said person shall be deemed to be and shall stand fully and completely restored to all the rights, privileges, of his profession, avocation, or occupation, to all intents and purposes as if he had not been absent in military service and had been regularly carrying on his profession, avocation, and occupation and regularly paying all fees and charges due for the same. In performing this duty, the veterans' interment supervisor shall ensure that the desires of the veteran's personal representative or heirs are not violated. The veterans' interment supervisor may not receive any compensation for duties performed in compliance with this part.

(3) The interment may not be made in a burial ground or cemetery or in a portion of a burial ground or cemetery used exclusively for the interment of pauper dead.

(4) A sum not to exceed $250 to defer interment expenses must be paid by the veteran's county of residence.

The reimbursement for the expense of each interment may not exceed $250. The expense must be paid by the veteran's county of residence.

(9) An interment may not be covered by any special or standing contract under which the cost of interment is reduced below the maximum amount fixed in this section, to the disparagement of proper interment.

(10) The veterans' interment supervisor shall, upon request of the deceased veteran's personal representative or heirs, assist in applying to the proper authority for a suitable headstone, as provided by act of congress, and in placing the headstone on the veteran's grave. Because of the existing and increasing possibility of the occurrence of disasters or emergencies of unprecedented size and destructiveness resulting from enemy attack, sabotage, or other hostile action and natural disasters and in order to provide for prompt and timely reaction to an emergency or disaster, to insure that preparation of this state will be adequate to deal with disasters or emergencies, and generally to provide for the common defense and to protect the public peace, health, and safety and to preserve the lives and property of the people of this state, it is declared to be necessary to:

(1) authorize the creation of local or interjurisdictional organizations for disaster and emergency services in the political subdivisions of this state;

(2) reduce vulnerability of people and communities of this state to damage, injury, and loss of life and property resulting from natural or man-made disasters;

(3) provide a setting conducive to the rapid and orderly start of restoration and rehabilitation of persons and property affected by disasters;

(4) clarify and strengthen the roles of the governor, state agencies, and local governments in prevention of, preparation for, response to, and recovery from emergencies and disasters;

(5) authorize and provide for cooperation in disaster prevention, preparedness, response, and recovery;

(6) authorize and provide for coordination of activities relating to disaster prevention, preparedness, response, and recovery by agencies and officers of this state and similar state-local, interstate, federal-state, and foreign activities in which the state and its political subdivisions may participate;

(10) authorize the payment of extraordinary costs and the temporary hiring, with statutorily appropriated funds under 10-3-312, of professional and technical personnel to meet the state's responsibilities in providing assistance in the response to, recovery from, and mitigation of disasters in either state or federal emergency or disaster declarations.

10-3-207. Text of compact. The interstate mutual aid compact referred to in 10-3-204 and 10-3-205 reads as follows:

INTERSTATE MUTUAL AID COMPACT

Article I

The purpose of this compact is to provide voluntary assistance among participating states in responding to any disaster or imminent disaster that overextends the ability of local and state governments to reduce, counteract, or remove the danger. Assistance may include but is not limited to rescue, fire, police, medical, communication, and transportation services and facilities to cope with problems which require use of special equipment, trained personnel, or personnel in large numbers not locally available.

Article II

Article I, section 10, of the Constitution of the United States permits a state to enter into an agreement or compact with another state, subject to the consent of congress. Congress, through enactment of 50 U.S.C. 2281(g) and 2283 (now repealed) and the executive branch, by issuance of Executive Orders No. 10186 of December 1, 1950, encourages the states to enter into emergency, disaster, and civil defense mutual aid agreements or pacts.

Article III

It is agreed by participating states that the following conditions will guide implementation of the compact:

(1) Participating states through their designated officials are authorized to request and receive assistance from a participating state. Requests will be granted only if the requesting state is committed to the mitigation of the emergency and other resources are not immediately available.

(2) Requests for assistance may be verbal or in writing. If the request is made by other than written communication, it must be confirmed in writing as soon as practical after the request. A written request shall provide an

itemization of equipment and operators, types of expertise, and personnel or other resources needed. Each request must be signed by an authorized official.

(3) Personnel and equipment of the aiding state made available to the requesting state shall, whenever possible, remain under the control and direction of the aiding state. The activities of personnel and equipment of the aiding state must be coordinated by the requesting state.

(4) An aiding state has the right to withdraw some or all of its personnel and equipment whenever the personnel and equipment are needed by that state. Notice of intention to withdraw should be communicated to the requesting state as soon as possible.

Article IV

(1) The requesting state shall reimburse the aiding state as soon as possible after the receipt by the requesting state of an itemized voucher requesting reimbursement of costs.

(2) Any state rendering aid pursuant to this compact must be reimbursed by the state receiving such aid for any damage to, loss of, or expense incurred in the operation of any equipment used in responding to a request for aid, and for the cost incurred in connection with such requests.

(3) Any state rendering aid pursuant to this compact must be reimbursed by the state receiving such aid for the cost of compensation and death benefits to injured officers, agents, or employees and their dependents or representatives if such officers, agents, or employees sustain injuries or are killed while rendering aid pursuant to this arrangement and such payments are made in the same manner and on the same terms as if the injury or death were sustained within the aiding state.

Article V

(1) All privileges and immunities from liability, exemptions from law, ordinances, and rules and all pension, disability relief, workers' compensation, and other benefits that apply to the activity of officers, agents, or employees when performing their respective functions within the territorial limits of their respective political subdivisions apply to them to the same extent while engaged in the performance of any of their functions and duties extraterritorially under the provisions of this compact.

(2) All privileges and immunities from liability, exemptions from law, ordinances, and rules and workers' compensation and other benefits that apply to duly enrolled or registered volunteers when performing their respective functions at the request of their state and within its territorial limits apply to the same extent while performing their functions extraterritorially under the provisions of this compact. Volunteers may include but are not limited to physicians, surgeons, nurses, dentists, structural engineers, and trained search and rescue volunteers.

(3) The signatory states, their political subdivisions, municipal corporations, and other public agencies shall hold harmless the corresponding entities and personnel thereof from the other state with respect to the acts and omissions of its own agents and employees that occur while providing assistance pursuant to the common plan.

(4) Nothing in this arrangement may be construed as repealing or impairing any existing interstate mutual aid agreements.

(5) Upon enactment of this compact by two or more states, and annually by each January 1 thereafter, the participating states will exchange with each other the names of officials designated to request and provide services under this arrangement. In accordance with the cooperative nature of this arrangement, it is permissible and desirable for the states to exchange operational procedures to be followed in requesting assistance and reimbursing expenses.

(6) This compact becomes effective and is binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact becomes effective and binding as to any other state upon similar action by such state.

(7) This compact remains binding upon a party state until it enacts a law repealing the compact and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal may not take effect until the 30th consecutive day after the notice has been sent. Such withdrawal does not relieve the withdrawing state from its obligations assumed under this compact prior to the effective date of withdrawal.

(1) If an incident, emergency, or disaster occurs in a political subdivision that has not concluded a mutual aid agreement pursuant to 10-3-202, the local or interjurisdictional agency, incident commander, or principal executive officer of the political subdivision may request assistance from another public or private agency.

(2) (a) The following individuals or entities may request assistance with an incident, emergency, or disaster if a mutual aid agreement has not been concluded for protection of the area within the jurisdiction of these individuals or entities:

(vi) an agency of the federal government;
(vii) a fire service area; or
(viii) the governing body of a political subdivision.

(3) A public or private agency receiving a request pursuant to subsection (1) or (2) shall determine if it will provide the requested assistance, or will provide other assistance, and shall inform the requesting local or interjurisdictional agency, principal executive officer, incident commander, or other individual or entity making the request, as soon as possible, of that determination. The nature and extent of assistance provided by a public or private agency may be determined only by that public or private agency.

(4) The incident commander of the local or interjurisdictional agency making a request for assistance has overall responsibility for command of the resources provided by a public or private agency responding to a request. However, operational control of individual pieces of equipment and personnel furnished by the responding public or private agency remains with that agency.

(5) This section does not waive an immunity or limitation on liability applicable to any of the following entities or individuals requesting or receiving assistance pursuant to this section:
(a) a fire district;
(b) a fire service area;
(c) a fire company;
(d) an unincorporated municipality, town, or village;

Part 5

Emergency Resource Management

10-3-501. Policy of state. (1) The legislature recognizes that an enemy attack upon the United States is a possibility; that such an attack might be of unprecedented size and destructiveness; that a considerable period of time may elapse after an enemy attack before federal operational control over the management of resources can be instituted; and that federal planning and activities with respect to postattack recovery and rehabilitation are predicated on the ability of the states and their political subdivisions to prepare for and respond promptly to the problems created by an enemy attack. Therefore, it is necessary to confer upon the governor and upon the executive heads of governing bodies of political subdivisions of this state the emergency powers provided for in this part.

(2) It is the purpose of this part and the policy of this state that all resource management functions of this state be coordinated to the maximum extent with

the comparable functions of the federal government, of other states and localities, and of private agencies to the end that the most effective preparation and use may be made of available manpower, resources, and facilities in an emergency.

History: En. Sec. 2, Ch. 297, L. 1967; Sec. 77-1502, R.C.M. 1947; amd. and redes. 77-2401 by Sec. 19, Ch. 94, L. 1974; R.C.M. 1947, 77-2401; amd. Sec. 44, Ch. 42, L. 1997.

10-3-502. Definitions. Unless the context requires otherwise, in this part the following definitions apply:

(1) "Emergency resources management plan" means that plan prepared by the department of military affairs, approved by the federal office of emergency planning, and adopted by the governor, which sets forth the organization, administration, and functions for the emergency management by the state government of essential resources and economic stabilization within the state.

(2) "Enemy attack" means an actual attack by a foreign nation by hostile air raids or other forms of warfare upon this state or any other state or territory of the United States.

(3) "Political subdivision" means any county, city, town, or township of the state.

History: En. Sec. 3, Ch. 297, L. 1967; Sec. 77-1503, R.C.M. 1947; amd. and redes. 77-2402 by Sec. 20, Ch. 94, L. 1974; R.C.M. 1947, 77-2402(part).

10-3-503. Governor's powers and duties. (1) The governor has general direction and control of the emergency resources management within this state and all officers, boards, agencies, individuals, or groups established under the emergency resource management plan.

(2) In performing his duties under this part, the governor may cooperate with the federal government, with other states, and with private agencies in all matters pertaining to the emergency management of resources.

(3) In performing his duties under this part and to effect its policies and purpose, the governor may make, amend, and rescind the necessary orders and rules to carry out this part within the limits of authority conferred upon him, with due consideration of the emergency resources management plans of the federal government.

History: En. Sec. 5, Ch. 297, L. 1967; Sec. 77-1505, R.C.M. 1947; amd. and redes. 77-2403 by Sec. 21, Ch. 94, L. 1974; R.C.M. 1947, 77-2403.

10-3-504. Emergency resource management plan. The plan must provide an emergency organization and emergency administrative policies and procedures for the conservation, allocation, distribution, and use of essential resources available to the state following a civil defense emergency such as an attack upon the United States. The plan is supplemental to the national plan for emergency preparedness adopted by the president of the United States and becomes operative upon the establishment of a civil defense emergency. To the extent that the federal government is either incapable of or not prepared to conduct its emergency resources management program, the state emergency resources management plan will substitute for and replace the federal program until the time that the federal program becomes effective in the state.

10-3-505. Proclamation of emergency — effect and termination. (1) Following an attack, the governor, if he finds such action necessary to deal with the danger to the public safety caused thereby or to aid in the postattack recovery or rehabilitation of the United States or any part thereof, shall declare by proclamation the existence of a postattack recovery and rehabilitation emergency. Any such proclamation shall be ineffectual unless the legislature is then in session or the governor simultaneously issues an order convening the legislature in special session within 45 days.

(2) During the period when the proclamation issued under subsection (1) of this section is in force or during the continuance of any emergency declared by the president of the United States or the congress calling for postattack recovery and rehabilitation activities, subject to the limitations set forth in this part and in a manner consistent with any rules or orders and policy guidance issued by the federal government, the governor may issue, amend, and enforce rules and orders to:

(a) control, restrict, and regulate by rationing, freezing, use of quotas, prohibitions on shipments, price fixing, allocation, or other means, the use, sale, or distribution of food, feed, fuel, clothing and other commodities, materials, goods, or services;

(b) prescribe and direct activities in connection with but not limited to use, conservation, salvage, and prevention of waste of materials, services, and facilities, including production, transportation, power, and communication facilities, training and supply of labor, utilization of industrial plants, health and medical care, nutrition, housing, including the use of existing and private facilities, rehabilitation, education, welfare, child care, recreation, consumer protection, and other essential civil needs; and

(c) take such other action as may be necessary for the management of resources following an attack.

(3) All rules and orders issued under authority conferred by this part have the effect of law during the continuance of a proclamation or declaration of emergency as contemplated by this section when a copy of the rule or order is filed in the office of the secretary of state or, if issued by a local or area official, when filed in the office or offices of the county clerk and recorder. If, by reason of destruction or disruption attendant upon or resulting from attack, the filing requirements of this subsection cannot be met, public notice by such means as may be available shall be considered a complete and sufficient substitute. All existing laws, ordinances, rules, and orders inconsistent with the provisions of this part or any rule or order issued under the authority thereof shall be

inoperative during the period of time and to the extent such inconsistency exists.

(4) Any authority exercised under a proclamation of emergency contemplated by this section may be exercised with respect to the entire territory over which the governor or other official, as the case may be, has jurisdiction or to any specified part thereof.

(5) The governor's power and authority to issue a proclamation following an attack shall be terminated by the passage of a joint resolution of the legislature or by declaration of the termination of the emergency by the president or by the congress, however, the proclamation shall terminate automatically 6 months after issuance and a similar proclamation may not be issued unless concurrence is given thereto by a joint resolution of the legislature.

(b) "States" means the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all U.S. territorial possessions.

(2) This compact is made and entered into by and between the participating party states that enact this compact.

(3) The purpose of this compact is to provide for mutual assistance between the party states in managing any emergency or disaster that is declared by the governor of an affected state, whether arising from natural disaster, technological hazard, human-caused disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack.

(4) This compact also provides for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, those actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' national guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between party states.

Article II - General Implementation

(1) Each party state recognizes that many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each party state further recognizes that there will be emergencies that require immediate access and present procedures to apply outside resources to make a prompt and effective response to an emergency. This is because few, if any, individual states have all the resources that they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

(2) The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state is the underlying principle on which all articles of this compact must be understood.

(3) On behalf of the governor of each party state, the legally designated state official who is assigned responsibility for emergency management is responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

Article III - Party State Responsibilities

(1) It is the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the

responsibilities listed in this article. In formulating those plans and in carrying them out, the party states, insofar as practical, shall:

(a) review individual party state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies that the party states might jointly suffer, whether because of natural disaster, technological hazard, human-caused disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack;

(b) review party states' individual emergency plans and develop a plan that will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency;

(c) develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;

(d) assist in warning communities adjacent to or crossing the state boundaries;

(e) protect and ensure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material;

(f) inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and

(g) provide, to the extent authorized by law, for temporary suspension of any statutes.

(2) The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this agreement apply only to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If a request is verbal, the request must be confirmed in writing within 30 days of the verbal request. Requests must provide the following information:

(a) a description of the emergency service function for which assistance is needed, such as fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;

(b) the amount and type of personnel, equipment, materials, and supplies needed and a reasonable estimate of the length of time that will be needed; and

(c) the specific place and time for staging of the assisting party state's response and a point of contact at that location.

(3) There must be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States government, with free exchange of information, plans, and resource records relating to emergency capabilities.

Article IV - Limitations

A party state requested to render mutual aid or to conduct exercises and training for mutual aid shall take action necessary to provide and make available the resources covered by this compact in accordance with the terms of this compact. However, it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for that state. Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers, except the power of arrest unless specifically authorized by the receiving state, duties, rights, and privileges as are afforded forces of the party state in which they are performing emergency services. Emergency forces shall continue under the command and control of their regular leaders, but the organizational units shall come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or subsequent to commencement of exercises or training for mutual aid and must continue so long as the exercises or training for mutual aid is in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

Article V - Licenses and Permits

If a person holding a license, certificate, or other permit issued by a party state evidencing the meeting of qualifications for professional, mechanical, or other skills is requested for assistance by the receiving party state, that person is considered licensed, certified, or permitted by the party state requesting assistance to render aid involving that skill to meet a declared emergency or disaster. However, the person holding the license, certificate, or permit is subject to limitations and conditions that the governor of the requesting party state may prescribe by executive order or other means.

Article VI - Liability

Officers or employees of a party state rendering aid in another party state pursuant to this compact are considered agents of the requesting state for tort liability and immunity purposes. A party state or its officers or employees rendering aid in another party state pursuant to this compact are not liable on account of an act taken or omission made in good faith on the part of the forces giving that aid or on account of the maintenance or use of any equipment or supplies in connection with giving that aid. Good faith, as used in this article, does not include willful misconduct, gross negligence, or recklessness.

Article VII - Supplementary Agreements

Because it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party to this compact, this compact contains elements of a broad base common to all states. This compact does not prevent a party state from making supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may include provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

Article VIII - Compensation

Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of those forces in case those members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

Article IX - Reimbursement

A party state rendering aid in another party state pursuant to this compact must be reimbursed by the party state receiving that aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with a request. However, an aiding party state may assume in whole or in part a loss, damage, expense, or other cost or may loan equipment or donate services to the receiving party state without charge or cost. Two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses are not reimbursable under this provision.

Article X - Evacuation

(1) Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to require those plans, must be worked out and maintained between the party states and the emergency management or emergency services directors of the various jurisdictions where any type of incident requiring evacuations might occur. The plans must be put into effect by request of the party state from which evacuees come and must include:

(a) the manner of transporting those evacuees;

(b) the number of evacuees to be received in different areas;

(c) the manner in which food, clothing, housing, and medical care will be provided;

(d) the registration of the evacuees;

(e) the providing of facilities for the notification of relatives or friends of evacuees;

(f) the forwarding of evacuees to other areas or the bringing in of additional materials or supplies; and

(g) all other relevant factors.

(2) The plans referred to in subsection (1) must provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for evacuees, for expenditures for transportation, food, clothing, medicines, and medical care, and for similar items. The expenditures must be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of the evacuees.

Article XI - Implementation

(1) This compact becomes operative immediately upon its enactment into law by any two states. After it becomes operative, this compact is effective in any other state upon its enactment by that other state.

(2) A party state may withdraw from this compact by enacting a statute repealing the compact, but withdrawal does not take effect until 30 days after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. Withdrawal does not relieve the withdrawing state from obligations assumed under this compact prior to the effective date of withdrawal.

(3) Authenticated copies of this compact and any supplementary agreements as may be entered into must, at the time of their approval, be deposited with each of the party states and with the federal emergency management agency and other appropriate agencies of the United States government.

Article XII - Validity

This compact must be construed to effectuate the purposes stated in Article I. If any provision of this compact is declared unconstitutional or if the applicability of a provision to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability of this compact to other persons and circumstances are not affected.

Article XIII - Additional Provisions

This compact does not authorize or permit the use of military force by the national guard of a party state at any place outside that state in any emergency for which the president is authorized by law to call into federal service the militia or for any purpose for which the use of the army or the air force would in the absence of express statutory authorization be prohibited under 18 U.S.C. 1385.

Part 2
Funding

10-4-201. Fees imposed for telephone exchange access services. (1) Except as provided in 10-4-202:

(a) for basic 9-1-1 services, a fee of 25 cents a month per access line on each service subscriber in the state is imposed on the amount charged for telephone exchange access services, wireless telephone service, or other 9-1-1 accessible services; and

(b) for enhanced 9-1-1 services, a fee of 25 cents a month per access line on each service subscriber in the state is imposed on the amount charged for telephone exchange access services, wireless telephone service, or other 9-1-1 accessible services.

(2) The subscriber paying for exchange access line services is liable for the fees imposed by this section.

(3) The provider shall collect the fees. The amount of the fees collected by the provider is considered payment by the subscriber for that amount of fees.

(4) Any return made by the provider collecting the fees is prima facie evidence of payments by the subscribers of the amount of fees indicated on the return.

History: En. Sec. 9, Ch. 635, L. 1985; amd. Sec. 9, Ch. 448, L. 1997.

Cross-References

10-4-202. Exemptions from fees imposed. The fees imposed by 10-4-201 do not apply to:

(1) services that the state is prohibited from taxing under the constitution or laws of the United States or the constitution or laws of the state of Montana; or

(2) amounts paid by depositing coins in a public telephone.

10-4-203. Provider required to maintain record of collections. Every provider responsible for the collection of the fee imposed by 10-4-201 shall keep records, render statements, make returns, and comply with rules adopted by the department of revenue with respect to the fee. Whenever necessary in the judgment of the department of revenue, it may require the provider or subscriber to make returns, render statements, or keep records sufficient to show whether there is liability for the fee.

History: **En. Sec. 11, Ch. 635, L. 1985.**

Cross-References

Adoption and publication of rules, Title 2, ch. 4, part 3.

10-4-204. Deadlines for filing returns. (1) The provider collecting the fee under 10-4-201 must file a return with the department of revenue on or before the last day of the month following the end of each calendar quarter, reporting the amount of fee due on exchange access line services during the quarter. Returns are subject to the penalty for false swearing provided in 45-7-202.

(2) When a return of the fee is required, the provider required to make the return shall pay the fee due the department of revenue at the time fixed for filing the return.

(3) The provider shall pay the fee based on the net amount billed for the exchange access service fee during the quarter.

(4) As used in this section, the "net amount billed for the exchange access service fee" equals the gross amount billed for such service, less adjustments for uncollectible accounts, refunds, incorrect billings, and other appropriate adjustments.

History: **En. Sec. 12, Ch. 635, L. 1985.**

10-4-205. Refund to provider for excess payment of fee. If the amount paid by a provider to the department of revenue exceeds the amount of fee owed, the department of revenue shall refund the amount of the excess payment, with interest on the excess payment at the rate of 0.5% a month or fraction of a month from the date of payment of the excess until the date of the refund. A refund may not be made to a provider who fails to claim the refund within 5 years after the due date for filing of the return with respect to which the claim for refund relates.

History: **En. Sec. 13, Ch. 635, L. 1985; amd. Sec. 1, Ch. 229, L. 1993.**

10-4-206. Credit for overpayment — interest on overpayment. (1) If the department of revenue determines that the amount of fee, penalty, or interest paid for any year is more than the amount due, the amount of the overpayment must be credited against any tax, penalty, or interest then due from the taxpayer and the balance refunded to the taxpayer or the taxpayer's successor through reorganization, merger, or consolidation or to the taxpayer's shareholders upon dissolution.

(2) Except as provided in subsection (3), interest is allowed on overpayments at the same rate as is charged on deficiency assessments from the due date of the return or from the date of overpayment, whichever date is later, to the date the department of revenue approves refunding or crediting of the overpayment.

(3) (a) Interest does not accrue during any period in which the processing of a claim for a refund is delayed more than 30 days by reason of failure of the taxpayer to furnish information requested by the department of revenue for the purpose of verifying the amount of the overpayment.

(b) Interest is not allowed:

(i) if the overpayment is refunded within 6 months from the date the return is due or from the date the return is filed, whichever is later; or

(ii) if the amount of interest is less than $1.

(c) Only a payment made incident to a bona fide and orderly discharge of actual tax liability or one reasonably assumed to be imposed by this chapter is considered an overpayment with respect to which interest is allowable.

History: En. Sec. 11, Ch. 676, L. 1991.

Cross-References

10-4-207. Statute of limitations. (1) Except as provided in subsection (3), a deficiency may not be assessed or collected with respect to the year for which a return is filed unless the notice of the additional fee proposed to be assessed is mailed within 5 years from the date the return was filed. For purposes of this section, a return filed before the last day prescribed for filing is considered as filed on the last day. If the taxpayer, before the expiration of the period prescribed for assessment of the fee, consents in writing to an assessment after that time, the fee may be assessed at any time prior to the expiration of the period agreed upon.

(2) A refund or credit may not be allowed or paid with respect to the year for which a return is filed after 5 years from the last day prescribed for filing the return or after 1 year from the date of the overpayment, whichever period expires later, unless before the expiration of the period the taxpayer files a claim or the department of revenue determines the existence of the overpayment and approves the refund or credit. If the taxpayer has agreed in writing under the provisions of subsection (1) to extend the time within which the department of revenue may propose an additional assessment, the period within which a claim for refund or credit may be filed or a credit or refund allowed if no claim is filed is automatically extended.

(3) If a return is required to be filed and the taxpayer fails to file the return, the tax may be assessed or an action to collect the tax may be brought at any time. If a return is required to be filed and the taxpayer files a fraudulent return, the 5-year period provided for in subsection (1) does not begin until discovery of the fraud by the department of revenue.

(3) (a) When a deficiency is determined and the additional fee becomes final, the department of revenue shall mail a notice and demand for payment to the provider. Accessibility of Polling Places

Part Cross-References

Rights of physically disabled, Title 49, ch. 4, part 2.

13-3-201. Purpose. The purpose of this part is to promote the fundamental right to vote by improving access for individuals with disabilities and elderly individuals to polling places. The provisions of this part acknowledge that, in certain cases, it may not be possible to locate a polling place that meets the standards for accessibility, either because an accessible polling place does not exist or, if it does, its location in the precinct would require undue travel for a majority of the electors. In those cases when an accessible polling place is not available, this part provides voters with disabilities and elderly voters an alternative means for casting a ballot on election day.

History: **En. Sec. 1, Ch. 200, L. 1987; amd. Sec. 6, Ch. 472, L. 1997.**

13-3-202. Definitions. As used in this part, unless the context indicates otherwise, the following definitions apply:

(1) "Accessible" means accessible to individuals with disabilities and elderly individuals for purposes of voting as determined in accordance with standards established by the secretary of state under 13-3-205.

(2) "Disability" means a temporary or permanent physical impairment such as:

(a) impaired vision;

(b) impaired hearing; or

(c) impaired mobility. Individuals having impaired mobility include those who require use of a wheelchair and those who are ambulatory but are physically impaired because of age, disability, or disease.

(3) "Elderly" means 65 years of age or older.

(4) "Election" means a general, special, or primary election held in an even-numbered year, as provided for in 13-1-104(1) and 13-1-107(1).

History: En. Sec. 2, Ch. 200, L. 1987; amd. Sec. 7, Ch. 472, L. 1997.

13-3-203. Duty of secretary of state — rulemaking. (1) Except as provided in 13-3-204, the secretary of state shall ensure that all polling places are accessible to electors with disabilities and elderly electors on election day.

(2) The secretary of state shall adopt rules to establish standards that a polling place must meet in order to be designated accessible under this part.

(3) The secretary of state may adopt any other rules necessary for implementation of this part.

History: En. Sec. 3, Ch. 200, L. 1987; amd. Sec. 8, Ch. 472, L. 1997.

Cross-References

Adoption and publication of rules, Title 2, ch. 4, part 3.

13-3-204. Exceptions. Section 13-3-203 does not apply to a polling place that:

(1) is a rural polling place as defined in 13-3-207;

(2) has been granted an emergency exemption as provided in 13-3-211; or

(3) is declared exempt under 13-3-212 because no accessible polling place is available.

History: En. Sec. 4, Ch. 200, L. 1987.

13-3-205. Adoption of standards for polling place accessibility — rulemaking authority. The secretary of state, with advice from election administrators and individuals with disabilities and elderly individuals, shall establish standards for accessibility of polling places. The standards, whenever possible, must be consistent with the standards for accessibility established by the American national standards institute and the uniform federal accessibility standards.

History: En. Sec. 5, Ch. 200, L. 1987; amd. Sec. 9, Ch. 472, L. 1997.

Cross-References

Adoption and publication of rules, Title 2, ch. 4, part 3.

13-3-206. Survey of polling places to determine accessibility — procedures. (1) Except as provided in 13-3-207 and 13-3-211, the election administrator in each county shall conduct an onsite survey of each polling place used in an election to determine whether such polling place meets the standards for accessibility established under 13-3-205.

(2) Each election administrator shall conduct the survey in a manner that represents the path of travel an elector would reasonably be expected to take in order to reach the polling place on election day.

(3) A polling place that has been surveyed and designated as accessible need not be surveyed again so long as the conditions of accessibility remain unchanged.

History: **En. Sec. 6, Ch. 200, L. 1987.**

13-3-207. Polling place classifications. (1) As a result of the survey provided in 13-3-206, each polling place must be classified as:

(a) accessible;

(b) inaccessible;

(c) technically inaccessible but usable; or

(d) rural.

(2) An accessible polling place is one that meets the standards for accessibility established by the secretary of state under 13-3-205.

(3) An inaccessible polling place is one that does not meet the standards for accessibility and cannot be made accessible through safe, practical, and cost-effective methods.

(4) A technically inaccessible but usable polling place is one that does not meet all the standards for accessibility but has been surveyed, evaluated, and certified as being adequate for use as a polling place. The certification is cause for the secretary of state to grant the polling place an exemption from the standards for accessibility. However, in a future election, the secretary of state may issue an objection to the criteria used for determining that the facility is usable as a polling place.

(5) A rural polling place is one that serves less than 200 registered electors and is:

(a) granted an exemption from the standards for accessibility established under 13-3-205; and

(b) subject to review and redesignation 45 days prior to an election.

(6) A rural designation may not be construed as cause for denying electors with disabilities or elderly electors at a polling place the right to choose an alternative means for casting a ballot on election day as provided in 13-3-213.

History: **En. Sec. 7, Ch. 200, L. 1987; amd. Sec. 10, Ch. 472, L. 1997.**

13-3-208 through 13-3-210 reserved.

13-3-211. Emergency exemption. (1) The secretary of state shall exempt a polling place from the requirements of this part if an emergency occurs within 10 days prior to an election. An emergency is considered to exist if a polling place becomes unavailable by reason of loss of lease, fire, snow, or natural disaster.

(2) If an emergency occurs, the election administrator in the county shall designate a new polling place in accordance with the procedure provided in 13-3-105. The new polling place must be considered temporary and must be exempt from the survey procedures established under 13-3-206. However, such polling place may not be used in a subsequent election unless it is surveyed as required in 13-3-206.

History: **En. Sec. 8, Ch. 200, L. 1987.**

13-3-212. Exemption if no accessible polling place is available. (1) If an existing polling place has been surveyed and designated as being inaccessible, the election administrator shall make a reasonable effort to locate and survey all potential sites with comparable utility as a polling place.

(2) The election administrator shall request in writing to the secretary of state that an inaccessible polling place be exempt from the standards for accessibility if:

(a) all potential polling places have been surveyed and it is determined that no accessible polling place is available; and

(b) the county cannot safely or reasonably make a polling place temporarily accessible in the area involved.

(3) Nothing in this section may require an election administrator to select an accessible facility as a polling place if its location requires excessive travel or imposes other hardships for the majority of qualified electors in the precinct.

History: En. Sec. 9, Ch. 200, L. 1987.

13-3-213. Alternative means for casting ballot. (1) The election administrator shall provide individuals with disabilities and elderly individuals an alternative means for casting a ballot on election day if they are assigned to an inaccessible polling place. These alternative means for casting a ballot include:

(a) delivery of a ballot to the elector as provided in 13-13-118;

(b) voting by absentee ballot as provided in 13-13-222; and

(c) prearranged assignment to an accessible polling place within the county.

(2) An elector with a disability or an elderly elector assigned to an inaccessible polling place who desires to vote at an accessible polling place:

(a) shall request assignment to an accessible polling place by notifying the election administrator in writing at least 7 days preceding the election;

(b) must be assigned to the nearest accessible polling place or technically inaccessible polling place for the purpose of voting in the election;

(c) shall sign the elector's name on a special addendum to the official precinct register as required in 13-2-601; and

(d) must receive the same ballot to which the elector is otherwise entitled.

(3) For the purpose of subsection (2), the ballot cast at an alternative polling place must be processed and counted in the same manner as an absentee ballot.

History: En. Sec. 10, Ch. 200, L. 1987; amd. Sec. 11, Ch. 472, L. 1997.

Appointment

13-4-101. Appointment of election judges — other boards of election judges. (1) At least 30 days before the primary election in even-numbered years, the county governing body shall appoint 3 or more election judges for each precinct, one of whom shall be designated chief judge.

(2) A board of election judges, designated as a counting board, may be appointed in any precinct if recommended by the election administrator.

(3) A board of election judges, designated as a counting board for absentee ballots, may be appointed to count all absentee ballots for all precincts if recommended by the election administrator.

History: En. Sec. 49, Ch. 368, L. 1969; amd. Sec. 1, Ch. 258, L. 1971; R.C.M. 1947, 23-3201(part); amd. Sec. 52, Ch. 571, L. 1979; amd. Sec. 1, Ch. 120, L. 1983.

(1) Election judges shall be chosen from lists of qualified registered electors for each precinct in the county, submitted at least 45 days before the primary election in even-numbered years by the county central committees of the political parties eligible to nominate candidates in the primary.

(2) The list of each party may contain more names than the number of election judges to be appointed. The names of those not appointed as election judges shall be given to the election administrator for use in making appointments to fill vacancies.

(3) Each board of election judges shall contain judges representing all parties that have submitted lists as provided in subsection (1). No more than a majority may be appointed from the list of one political party in each precinct. If any of the political parties entitled to do so fail to submit a list, the governing body shall, insofar as possible, appoint judges so that all parties eligible to participate in the primary are represented on each board.

(4) The election administrator shall make appointments to fill vacancies from the list provided for in subsection (2). If the list is insufficient or if one or more of the eligible political parties fails to submit a list, the election

administrator may randomly select, either by manual drawing or by computer, sufficient qualified registered electors in the county to fill election judge vacancies in all precincts.

(5) An elector chosen to potentially serve as an election judge must be notified of selection at least 30 days before the primary election in even-numbered years. Each elector who agrees to serve as an election judge shall attend a training class conducted under 13-4-203 and shall continue to serve as assigned by the election administrator for 2 years.

In precincts where voting machines or devices are used, instructions shall cover both machines or devices and paper ballots.

(2) Chief judges may be required to attend the training session before each election, as well as a special session that may be held for chief judges only.

(3) Any individual willing to be appointed an election judge may attend an instruction session by registering with the election administrator. Such individuals may not be paid for attendance unless they are appointed election judges.

(4) The secretary of state shall prepare and distribute training materials for election judges. The materials shall include instructions on the use of all machines or devices approved for use in this state, as well as paper ballots.

Workshops may be held in various locations around the state. Costs of the materials and workshops shall be paid by the secretary of state.

(5) Each election judge completing a training session shall be given a certificate of completion. No individual may serve as an election judge without a valid certificate. However, this does not apply to individuals filling vacancies in emergencies.

13-10-201. Declaration for nomination. (1) Each candidate in the primary election, except nonpartisan candidates filing under the provisions of chapter 14, shall send a declaration for nomination to the secretary of state or election administrator. Each candidate for governor shall send a joint declaration for nomination with a candidate for lieutenant governor.

(2) A declaration for nomination must be filed in the office of:

(a) the secretary of state for placement of a name on the ballot for the presidential preference primary, a congressional office, a state or district office to be voted for in more than one county, a member of the legislature, or a judge of the district court;

(b) the election administrator for a county, municipal, precinct, or district office (other than a member of the legislature or judge of the district court) to be voted for in only one county.

(3) Each candidate shall sign the declaration and send with it the required filing fee or, in the case of an indigent candidate, send with it the documents required by 13-10-203. The declaration for nomination must be acknowledged by an officer empowered to acknowledge signatures or by the officer of the office at which the filing is made.

(4) The declaration, when filed, is conclusive evidence that the elector is a candidate for nomination by the elector's party.

(5) (a) The declaration for nomination must be in the form and contain the information prescribed by the secretary of state.

(b) A person seeking nomination to the legislature shall provide the secretary of state with a street address, legal description, or road designation to indicate the person's place of residence. If a candidate for the legislature changes residence, the candidate shall, within 15 days after the change, notify the secretary of state on a form prescribed by the secretary of state.

(c) The secretary of state and election administrator shall furnish declaration for nomination forms to individuals requesting them.

(6) Declarations for nomination must be filed no sooner than 135 days before the election in which the office first appears on the ballot and no later than 5 p.m., 75 days before the date of the primary election.

(7) A declaration for nomination form may be sent by facsimile transmission, if a facsimile facility is available for use by the election administrator or by the secretary of state, delivered in person, or mailed to the election administrator or to the secretary of state.

(2) The federal write-in absentee ballot is available to military personnel and civilians overseas through the same source that provides federal post card application forms and is only valid for federal elections.

(3) An overseas elector in the United States service may use a federal write-in absentee ballot transmission envelope to register to vote and to apply

for a regular absentee ballot if the envelope is received by the election administrator not less than 30 days before the election and the envelope has been properly completed and signed.

(4) As used in this section, "overseas" means outside the territorial limits of the United States and does not mean any location within the continental United States, Alaska, Hawaii, or Guam.

1999 Amendment: Chapter 164 in (1) substituted current language allowing use of federal write-in absentee ballot as provided in 13-13-272 for former language that read: "An elector qualified by 13-2-211 who fears his regular absentee ballot might not arrive in time to vote and return to the election administrator of the county of his residence and registration may also vote a federal write-in absentee ballot"; deleted former (3) that read: "(3) Except as provided in 13-2-212(3), the elector shall apply for a regular absentee ballot as provided in 13-13-212(2) not less than 30 days before the general election"; inserted (3) allowing federal write-in absentee ballot transmission envelope to be used as voter registration form and application for regular absentee ballot; inserted (4) defining overseas; and made minor changes in style. Amendment effective March 24, 1999.

13-13-272. Procedure for voting federal write-in absentee ballot. (1) An elector voting a federal write-in ballot may designate a candidate by writing in the name of the candidate or by writing in the name of the political party. A vote may not be voided for reasons of misspellings, abbreviations, or other minor variations of the candidate's name.

(2) If an elector receives his regular absentee ballot after he has voted and mailed a federal write-in absentee ballot, he may vote and return the regular absentee ballot.

History: En. Sec. 1, Ch. 43, L. 1987.

13-13-273. Counting of federal write-in absentee ballots. (1) A federal write-in absentee ballot must be counted if:

(a) the election administrator received the elector's application for a regular absentee ballot not less than 30 days before the election;

(b) the election administrator has not received a regular absentee ballot from the elector by 8 p.m. election day;

(c) it has not been submitted from any location within the continental United States, Alaska, Hawaii, or Guam; and

(d) it is received by 8 p.m. election day.

(2) Federal write-in absentee ballots received before the close of the polls election day will not be counted until the polls have closed.

1999 Amendment: Chapter 164 in (1)(a) substituted "the election administrator received the elector's application for a regular absentee ballot not less than 30 days before the election" for "the condition in 13-13-271(3) has been met"; and made minor changes in style. Amendment effective March 24, 1999.

13-13-274 and 13-13-275 reserved.

13-13-276. Legislative findings and purpose. The legislature finds that the increased use of facsimile transmissions and the internet has encouraged the possibility of absentee voter registration and the sending and receiving of absentee ballots by facsimile and electronically through the internet. The legislature also finds that while federal law encourages but does not require the use of facsimile transmissions and the internet in federal elections, there is sufficient reliability in facsimile and internet technology and sufficient evidence that absentee facsimile and internet voting would be of benefit to electors in the United States service to provide for absentee registration and voting by facsimile and electronically through the internet. It is the purpose of 13-13-276 through 13-13-278 to allow for absentee voter registration and voting by facsimile and electronically through the internet for overseas electors in the United States service, while recognizing that state and local election officials have the responsibility to maintain the accuracy, integrity, and secrecy of the election process and the individual election ballot. It is the purpose of the legislature to allow facsimile and internet voting for electors in the United States service but to continue to ensure that voting security is maintained for the ultimate purpose of preventing election fraud and maintaining the validity of the election process.

13-13-277. Registration and voting by facsimile and internet authorized. Notwithstanding other provisions of this title, each election administrator may, in any primary election, general election, and special election, take the following acts by facsimile transmission, if facsimile facilities are available, or electronically through the internet for overseas electors in the United States service, if internet facilities that provide for secrecy are available, in place of the public mails:

(1) register an individual to vote;
(2) give notice of registration;
(3) receive requests for an absentee ballot;
(4) transmit absentee ballots to electors; and
(5) receive absentee ballots from electors.

1999 Amendment: Chapter 80 near end of introductory clause substituted "or electronically through the internet for overseas electors in the United States service, if internet facilities that provide for secrecy are available, in place of the public mails" for "in place of the use of the public mails when requested by an elector or, for the purposes of registration under subsection (1), an individual intending to become an elector, in the United States service, as defined in 13-2-211". Amendment effective March 16, 1999.

13-13-278. Adoption of rules — acceptance of funds. (1) The secretary of state shall adopt reasonable rules under the rulemaking provisions of the Montana Administrative Procedure Act to implement 13-13-277. The rules are binding upon election administrators. The rules must require compliance with the same time requirements or deadlines as for registration and voting by absentee ballot by use of the public mails. The rules must maintain the accuracy, integrity, and secrecy of the ballot process and must allow registration and voting by facsimile through use of a private corporation or other private entity for transmission of facsimile messages only if the secretary of state finds that the use is essential to the purposes of 13-13-276 through 13-13-278.

(2) The secretary of state may apply for and receive a grant of funds from any agency or office of the United States government or from any other public or private source and may use the money for the purpose of implementing 13-13-276 through 13-13-278.

13-15-101. Votes to be publicly counted upon closing of polls. (1) When the polls are closed, the election judges shall immediately count the votes. The count shall be public and continue without adjournment until completed and the result is publicly declared.

(2) Immediately after all the ballots are counted by precinct, the election judges shall copy the total votes cast for each candidate and for and against each proposition on the return forms furnished by the election administrator.

The counting board shall be sequestered in a separate room from where the ballots are being cast until after the polls close. Any individual observing the counting board procedures must be sequestered with the board until after the polls close. The counting board shall proceed by counting all ballots in the first box and then that box and pollbook shall be exchanged for the second box and duplicate pollbook. The board shall

Part 2

Procedure for Canvass

13-15-201. Preparation for count. (1) To begin the count after the close of the polls, the election judges shall take ballots out of the box unopened to determine whether each ballot is single. The election judges shall remove each absentee ballot secrecy envelope and open it to determine whether the ballot for each election is single. A ballot must be rejected if in the envelope there is more than one ballot for each election.

(2) They shall count the ballots to ensure that the number of ballots corresponds with the number of names on the pollbook.

(3) If they cannot reconcile the total number of ballots with the pollbook, they shall submit a written report stating how many ballots were missing or in excess and any reason of which they are aware for the discrepancy. All judges shall sign the report.

(4) A ballot that is not endorsed by the official stamp is void and may not be counted unless the judges agree that the stamp is missing because of their error. The ballot must be marked "unstamped by error" on the back and must be initialed by all judges.

(5) If two or more ballots are folded together to look like a single ballot, they must be laid aside until the count is complete. The election judges shall compare the count with the pollbooks, and if a majority believes that the ballots folded together were voted by one elector, they must be rejected; otherwise they must be counted.

History: En. Sec. 172, Ch. 368, L. 1969; R.C.M. 1947, 23-4002; amd. Sec. 152, Ch. 571, L. 1979; amd. Sec. 9, Ch. 242, L. 1997.

(b) The judges may not count or record write-in votes for candidates who have not filed a declaration of intent as provided in 13-10-211, except for write-in votes cast:

(i) for an office for which a candidate has not filed a declaration or petition for nomination or a declaration of intent; or

(ii) on a federal write-in absentee ballot as provided in 13-13-273.

(2) In counting, the ballots must be opened singly by one of the election judges and the contents read aloud to the other judges.

(3) A ballot or part of a ballot is void and may not be counted if the elector's choice cannot be determined. If part of a ballot is sufficiently plain to determine the elector's intention, the election judges shall count that part. Except as provided in 13-10-211(4), a write-in vote may be counted only if the write-in vote identifies an individual by any of the designations filed pursuant to 13-10-211(1)(a).

(4) As the ballots are read, two judges shall write on a tally sheet the name of every individual and the office voted for and keep tallies of the number of votes for each individual, except as provided in subsection (1)(b).

(5) The tally sheets must be compared and their correctness ascertained, and the judges shall immediately write in the pollbook:

(a) the names of all individuals who received votes;

(b) the offices for which they received votes;

(c) the total votes received by each individual as shown by the tally sheets.

(6) In making the count in precincts where voting machines are used, the votes cast by absentee ballot must be added to the votes cast on the voting machines.

(7) A ballot or vote rejected by the election judges may not be included in the count.

However, if more than 5% of the electors voting in the last preceding general election voted using paper ballots, the election administrator shall provide paper ballots. The printing of paper ballots provided pursuant to this subsection is an allowable election cost under the provisions of 13-1-302.

(2) Paper ballots shall be cast and counted by the election judges in the manner provided by law.

(3) For the purposes of this section, "voting machine" means a mechanical apparatus which is used for voting by using levers which provide a tabulating system within the machine.

Part 1
General Provisions

13-19-101. Statement of purpose. The purpose of this chapter is to provide the option of conducting certain specified elections using a procedure called a "mail ballot election" and to provide the procedures therefor. The provisions of this chapter recognize that sound public policy concerning the conduct of elections often requires the balancing of various elements of the public interest that are sometimes in conflict. Among these factors are the public's interest in fair and accurate elections, the election of those who will govern or represent, and cost-effective administration of all functions of government, including the conduct of elections. The provisions of this chapter further recognize that when these and other factors are balanced, the conduct of elections by mail ballot is potentially the most desirable of the available options in certain circumstances.

History: En. Sec. 1, Ch. 196, L. 1985.

13-19-102. Definitions. As used in this chapter, the following definitions apply:

(1) "Election day" is the date established by law on which a particular election would be held if that election were being conducted by means other than a mail ballot election.

(2) "Mail ballot election" means any election conducted by mail pursuant to 13-19-104 and in compliance with the procedure specified in 13-19-106.

(3) "Political subdivision" means a political subdivision of the state, including a school district.

(4) "Return/verification envelope" means an envelope that contains a secrecy envelope and ballot and that is designed to:

(a) allow election officials, upon examination of the outside of the envelope, to determine that the ballot is being submitted by someone who is in fact a qualified elector and who has not already voted; and

(b) allow it to be used in the United States mail.

(5) "Secrecy envelope" means an envelope used to contain the elector's ballot and that is designed to conceal the elector's vote and to prevent that elector's ballot from being distinguished from the ballots of other electors.

History: En. Sec. 2, Ch. 196, L. 1985; amd. Sec. 1, Ch. 10, L. 1987; amd. Sec. 1, Ch. 146, L. 1997.

13-19-103. General election laws to apply. All laws applicable to elections when voting is not done by mail ballot and all penalties prescribed for violation of those laws apply to elections conducted by mail ballot to the extent they do not specifically conflict with the provisions of this chapter or are not otherwise provided for by this chapter.

History: En. Sec. 5, Ch. 196, L. 1985.

13-19-104. Mail ballot elections not mandatory — when authorized — when prohibited — when county election administrator conducts. (1) Conducting elections by mail ballot is only one option available to local officials, and this chapter does not mandate that the procedure be used.

(2) Except as provided in subsection (3), any election may be conducted by mail ballot.

(3) The following elections may not be conducted by mail ballot:

(a) a regularly scheduled federal, state, or county election;

(b) a special federal or state election, unless authorized by the legislature; or

(c) a regularly scheduled or special election when another election in the political subdivision is taking place at the polls on the same day.

(4) If more than one mail ballot election is being conducted in the political subdivision on the same day, the county election administrator shall conduct the elections.

History: En. Sec. 4, Ch. 196, L. 1985; amd. Sec. 2, Ch. 10, L. 1987; amd. Sec. 2, Ch. 146, L. 1997.

13-19-105. Role of secretary of state. In addition to other powers and duties conveyed by law, the secretary of state, with advice from election administrators, shall:

(1) prescribe the form of materials to be used in the conduct of mail ballot elections;

(2) review written plans for the conduct of mail ballot elections as provided in 13-19-205; and

(3) adopt rules consistent with this chapter to:

(a) establish and maintain uniformity in the conduct of mail ballot elections; and

(b) establish procedures for the conduct of mail ballot elections that:

(i) prevent fraud;

(ii) ensure the accurate handling and canvassing of mail ballots; and

(iii) ensure that the secrecy of voted ballots is maintained.

History: En. Sec. 6, Ch. 196, L. 1985.

Cross-References

13-19-106. General requirements for mail ballot election. A mail ballot election must be conducted substantially as follows:

(1) Official ballots must be prepared and all other initial procedures followed as otherwise provided by law, except that mail ballots are not required to have stubs.

(2) An official ballot must be mailed to every qualified elector of the political subdivision conducting the election.

(3) Each return/verification envelope must contain a form prescribed by the secretary of state for the elector to verify the accuracy of the elector's address or notify the election administrator of the elector's correct mailing address and to return the corrected address with the voted ballot in the manner provided by 13-19-306.

(4) The elector shall mark the ballot at home and place it in a secrecy envelope.

(5) The elector shall then place the secrecy envelope containing the elector's ballot in a return/verification envelope and shall return it by mailing it or delivering it in person to a place of deposit designated by the election administrator so that it is received before a specified time on election day.

(6) Once returned, election officials shall first qualify the submitted ballot by examining the return/verification envelope to determine whether it is submitted by a qualified elector who has not previously voted.

(7) If the ballot qualifies and is otherwise valid, officials shall then open the return/verification envelope and remove the secrecy envelope, which is then voted by depositing it unopened in an official ballot box.

(8) After the close of polls on election day, voted ballots must be counted and canvassed as otherwise provided by law.

History: En. Sec. 3, Ch. 196, L. 1985; amd. Sec. 17, Ch. 591, L. 1991; amd. Sec. 1, Ch. 338, L. 1997.

(2) If he decides to conduct an election pursuant to subsection (1), the election administrator shall prepare a written plan as provided in 13-19-205 and forward a copy to the governing body concerned, together with a written statement informing it of his decision to conduct the election by mail ballot and the reasons therefor and the right of the governing body to object under 13-19-204.

(2) The plan may be amended by the election administrator any time prior to the 35th day before election day by notifying the secretary of state in writing of any changes.

(3) Within 5 days of receiving the plan and as soon as possible after receiving any amendments, the secretary of state shall approve, disapprove, or recommend changes to the plan or amendments.

(a) marking the ballot in the manner specified;

(b) placing the marked ballot in the secrecy envelope, free of any identifying marks;

(c) placing the secrecy envelope containing a single ballot in the return/verification envelope;

(d) executing the affidavit printed on the return/verification envelope; and

(e) returning the return/verification envelope with the secrecy envelope containing the ballot enclosed, as provided in 13-19-306.

(2) For the purpose of this chapter, an official ballot is voted when, after the requirements of 13-19-310 and 13-19-311 have been satisfied, the return/verification envelope has been opened by election officials and the secrecy envelope containing the ballot has been deposited in the official ballot box.

History: En. Sec. 16, Ch. 196, L. 1985.

(2) An individual complying with subsection (1) before official ballots are available may leave a card with the election administrator containing his signature and the address to which his ballot is to be mailed. The signature provided must then be used for verification when the mail ballot is returned.

History: **En. Sec. 17, Ch. 196, L. 1985.**

13-19-306. Returning marked ballots — when — where. (1) After complying with 13-19-301, an elector or his designee may return his ballot on or before election day by either:

(1) If returned to the election administrator's office directly, the ballot must be processed in the same manner provided for ballots returned by mail except that, while the elector is present, officials shall:

(a) verify the signature pursuant to 13-19-310;

(b) resolve any questions as to the validity of the ballot; and

(c) deposit the unopened secrecy envelope containing the ballot in the official ballot box.

(2) If returned to a place of deposit other than the election administrator's office, the election official on location shall:

(a) keep a log of the names of all electors from whom he receives ballots and the names of the people who deliver the ballots;

(b) deposit the unopened return/verification envelope in the sealed ballot transport box provided for that purpose; and

(c) securely retain all ballots until they are transported to the election administrator's office. The transport boxes must then be opened and the ballots disposed of in the same manner provided for ballots returned by mail.

History: En. Sec. 20, Ch. 196, L. 1985; amd. Sec. 20, Ch. 591, L. 1991.

(d) remove and examine the secrecy envelope to determine if the ballot is valid pursuant to 13-19-311;

(e) if the ballot is valid, record the name of the elector in the official register as having voted; and

(f) deposit the unopened secrecy envelope containing the ballot in the official ballot box.

(2) If at any point there is a question concerning a particular ballot, the election administrator may not deposit the ballot in question. The election

administrator shall retain all materials relating to the questioned ballot until the question is resolved satisfactorily or the question is determined as provided in 13-19-314.

History: **En. Sec. 21, Ch. 196, L. 1985.**

13-19-310. Signature verification — procedures. (1) The election administrator shall verify the signature of each elector by comparing the affidavit printed on the return/verification envelope to the signature on that elector's registration card or signature card provided under 13-19-304.

(2) If the election administrator is convinced that the individual signing the affidavit is the same as the one whose name appears on the registration card, he shall proceed to validate the ballot.

(3) If the election administrator is not convinced that the individual signing the return/verification envelope is the same as the one whose name appears on the registration card, he may not validate the ballot but instead shall:

(a) give notice to the elector as provided in 13-19-313; and

(b) if the discrepancy is not rectified to the election administrator's satisfaction, present the unopened envelope and the registration card to the canvassing board for a determination.

History: **En. Sec. 22, Ch. 196, L. 1985.**

13-19-311. Valid ballots — requirements. (1) Only valid ballots may be counted in an election conducted under this chapter.

(2) For the purpose of this chapter, a ballot is valid only if:

(a) it is sealed in the secrecy envelope and returned in the return/verification envelope;

(b) the elector's signature on the affidavit on the return/verification envelope is verified pursuant to 13-19-310; and

(c) it is received before 8 p.m. on election day.

(3) A ballot is invalid if:

(a) more than one ballot is enclosed in a single return/verification or secrecy envelope unless there are multiple elections being held at the same time and there is only one ballot for each election in the envelope; or

(b) any identifying marks are placed on the ballot by the elector.

(4) Failure of an elector to verify the accuracy of the elector's address or notify the election administrator of the elector's correct mailing address in conjunction with a mailed ballot, as provided in 13-19-106, invalidates an otherwise valid mailed ballot.

History: **En. Sec. 24, Ch. 196, L. 1985; amd. Sec. 21, Ch. 591, L. 1991; amd. Sec. 3, Ch. 338, L. 1997.**

13-19-312. Procedure at close of voting. (1) After the close of voting on election day, election officials shall:

(a) open the official ballot boxes;

(b) open each secrecy envelope, removing the ballot; and

Part 2
Form of Petitions

13-27-201. Form of petition generally. (1) A petition for the initiative, the referendum, or to call a constitutional convention must be substantially in the form provided by this chapter. Clerical or technical errors that do not interfere with the ability to judge the sufficiency of signatures on the petition do not render a petition void.

(2) Petition sheets may not exceed 8 ½ x 14 inches in size. Separate sheets of a petition may be fastened in sections of not more than 25 sheets. Near the top of each sheet containing signature lines must be printed the title of the statute or constitutional amendment proposed or the measure to be referred or a statement that the petition is for the purpose of calling a constitutional convention. If signature lines are printed on both the front and back of a petition sheet, the information required above must appear on both the front and back of the sheet. The complete text of the measure proposed or referred must be attached to or contained within each signature sheet if sheets

are circulated separately. The text of the measure must be in the bill form provided in the most recent issue of the bill drafting manual furnished by the legislative services division. If sheets are circulated in sections, the complete text of the measure must be attached to each section.

History: En. 37-117 by Sec. 3, Ch. 342, L. 1977; R.C.M. 1947, 37-117(1), (2); amd. Sec. 1, Ch. 400, L. 1979; amd. Sec. 53, Ch. 545, L. 1995.

13-27-202. Recommendations — approval of form required. (1) Before submission of a sample sheet to the secretary of state pursuant to subsection (3), the following requirements must be fulfilled:

(a) The text of the proposed measure must be submitted to the legislative services division for review.

(b) The legislative services division staff shall review the text for clarity, consistency, and any other factors that the staff considers when drafting proposed legislation.

(c) Within 14 days after submission of the text, the legislative services division staff shall make to the person submitting the text written recommendations for changes in the text or a statement that no changes are recommended.

(d) The person submitting the text shall consider the recommendations and respond in writing to the legislative services division, accepting, rejecting, or modifying each of the recommended changes. If no changes are recommended, no response is required.

(2) The legislative services division shall furnish a copy of the correspondence provided for in subsection (1) to the secretary of state, who shall make a copy of the correspondence available to any person upon request.

(3) Before a petition may be circulated for signatures, a sample sheet containing the text of the proposed measure must be submitted to the secretary of state in the form in which it will be circulated. The sample petition may not be submitted to the secretary of state more than 1 year prior to the final date for filing the signed petition with the county election administrator. The secretary of state shall refer a copy of the petition sheet to the attorney general for approval. The secretary of state and attorney general shall each review the petition for sufficiency as to form and approve or reject the form of the petition, stating the reasons for rejection, if any. The attorney general shall also review the petition as to its legal sufficiency. If the attorney general determines that the petition is legally deficient, the attorney general shall notify the secretary of state of that fact and provide a copy of the determination to the secretary of state and to the petitioner within the time provided in 13-27-312(8). The petition may not be given final approval by the secretary of state unless the attorney general's determination is overruled pursuant to 13-27-316. As used in this section, "legal sufficiency" means that the petition complies with the statutory prerequisites to submission of the proposed measure to the electors and that the text of the proposed measure complies with constitutional requirements governing submission of ballot measures to the electorate. Review of a petition for legal sufficiency does not include consideration of the merits or application of the measure if adopted by the voters. The secretary of state or the attorney general may not reject the petition solely because the text contains material not submitted to the legislative services division unless the

material not submitted to the legislative services division is a substantive change not suggested by the legislative services division.

(4) (a) The secretary of state shall review the comments and statements of the attorney general received pursuant to 13-27-312 and make a final decision as to the approval or rejection of the petition.

(b) The secretary of state shall send written notice to the person who submitted the petition sheet of the approval or rejection of the form of the petition within 28 days after submission of the petition sheet. The secretary of state shall send written notice to the person who submitted the petition sheet of the final approval or rejection of the petition within 5 days of:

(i) the date on which a final court decision is entered under 13-27-316 if a challenge to the attorney general's review of the petition is filed pursuant to that section; or

(ii) the expiration of the time for filing a challenge to the attorney general's review under 13-27-316 if no challenge is filed. If the petition is rejected, the notice must include reasons for rejection.

(5) A petition with technical defects in form may be approved with the condition that those defects will be corrected before the petition is circulated for signatures.

(6) The secretary of state shall upon request provide the person submitting the petition with a sample petition form, including the text of the proposed measure, the statement of purpose, and the statements of implications, all as approved by the secretary of state and the attorney general. The petition may be circulated in the form of the sample prepared by the secretary of state. The petition may be circulated upon approval of the form of the petition by the secretary of state and the attorney general pending a final determination of its legal sufficiency.

13-27-407. Rebuttal arguments. The secretary of state shall provide copies of the arguments advocating approval or rejection of a ballot issue to the members of the adversary committee no later than 1 day following the filing of both the approval and rejection arguments for the issue. The committees may prepare rebuttal arguments no longer than one-half the size of the arguments under 13-27-406 that must be filed, in a black-and-white, camera-ready format, with the secretary of state no later than 10 days after the deadline for filing the original arguments. The argument must consist solely of written material prepared by the committee and may not consist of pictures, clippings, or other material. The written material must be prepared in the font and type style required by the secretary of state. Code of Fair Campaign Practices

13-35-301. Adoption of code of fair campaign practices. The following code of fair campaign practices is adopted by Montana:

"There are basic principles of decency, honesty, and fair play that every candidate for public office in the United States has a moral obligation to observe and uphold, in order that, after vigorously contested but fairly conducted campaigns, our citizens may exercise their constitutional right to a free and untrammeled choice and the will of the people may be fully and clearly expressed on the issues before the country. Therefore:

I will conduct my campaign in the best American tradition, discussing the issues as I see them, presenting my record and policies with sincerity and frankness, and criticizing without fear or favor the record and policies of my opponent and his party which merit such criticism.

I will defend and uphold the right of every qualified American voter to full and equal participation in the electoral process.

I will conduct my campaign without the use of personal vilification, character defamation, whispering campaigns, libel, slander, or scurrilous attacks on my opposition or his personal or family life.

I will not use campaign material of any sort which misrepresents, distorts, or otherwise falsifies the facts, nor will I use malicious or unfounded accusations which aim at creating or exploiting doubts, without justification, as to the loyalty and patriotism of my opposition.

I will not make any appeal to prejudice based on race, sex, creed, or national origin.

I will not undertake or condone any dishonest or unethical practice which tends to corrupt or undermine our American system of free elections or which hampers or prevents the full and free expression of the will of the voters.

Insofar as is possible, I will immediately and publicly repudiate support deriving from any individual or group which resorts, on behalf of my candidacy or in opposition to that of my opponent, to the methods and tactics that I have pledged not to use or condone."

13-36-202. Reception of illegal votes — allegations and evidence. When the reception of illegal votes is alleged as a cause of contest, it shall be sufficient to state generally that in one or more specified voting precincts illegal votes were given to the candidate whose nomination or election is contested which, if taken from him, will reduce the number of his legal votes below the number of legal votes given to some other candidate for the same office. No testimony shall be received of any illegal votes unless the party contesting such election delivers to the opposite party, at least 3 days before such trial, a written list of the number of illegal votes (and by whom given) which he intends to prove on such trial. This provision shall not prevent the contestant from offering evidence of illegal votes not included in such statement if he did not know and by reasonable diligence was unable to learn of such additional illegal votes (and by whom they were given) before delivering such written list.

If more than one petition is pending or the election of more than one person is contested, the court may in its discretion order the cases to be heard together and may apportion the costs, disbursements, and attorney's fees between them and shall finally determine all questions of law and fact, except that the judge may in his discretion impanel a jury to decide on questions of fact. In the case of nominations or elections other than for federal congressional offices, the court shall immediately certify its decision to the governing body or official issuing certificates of nomination or election and the governing body or official shall thereupon issue certificates of nomination or election to the person or persons entitled thereto by the court's decision. If judgment of ouster against a defendant is rendered, the nomination or office shall be by the judgment declared vacant, except as provided in 13-36-212, and shall thereupon be filled by a new election or by appointment as may be provided by law regarding vacancies in such nomination or office.

13-36-209. Forfeiture of nomination or office for violation of law — when inappropriate. If, upon the trial of any action or proceeding under the provisions of this title to contest the right of any person to be declared nominated or elected to any office or to annul or set aside such nomination or election or to remove a person from his office, it appears from the evidence that the offense complained of was not committed by the candidate or with his knowledge or consent or was committed without his sanction or connivance and that all reasonable means for preventing the commission of such offense at such election were taken by and on behalf of the candidate; that the offense or offenses complained of were trivial, unimportant, and limited in character and that in all other respects his participation in the election was free from such offenses or illegal acts; or that any act or omission of the candidate arose from inadvertence or from accidental miscalculation or from some other reasonable cause of a like nature and in any case did not arise from any want of good faith; and under the circumstances it seems to the court to be unjust that the candidate forfeit his nomination or office or be deprived of any office of which he is the incumbent, then the nomination or election of the candidate is not by reason of such offense or omission complained of void, nor may the candidate be removed from or deprived of his office.

13-36-210. Punishment. If, upon the trial of any action or proceeding under the provisions of this title to contest the right of any person to be declared to be nominated to an office or elected to an office or to annul and set aside such election or to remove any person from his office, it appears that such person was guilty of any corrupt practice, illegal act, or undue influence in or about such nomination or election, he shall be punished by being deprived of the nomination or office, as the case may be, and the vacancy therein shall be filled in the manner provided by law. The only exceptions to this judgment shall be those provided in 13-36-209. Such judgment does not prevent the candidate or officer from being proceeded against by indictment or criminal information for any such act or acts.

13-36-211. When nomination or election not to be vacated. Nothing in the ground of contest specified in 13-36-101(3) is to be so construed as to authorize a nomination or election to be set aside on account of illegal votes, unless it appear either:

(1) that the candidate or nominee whose right is contested had knowledge of or connived at such illegal votes; or

(2) that the number of illegal votes given to the person whose right to the nomination or office is contested, if taken from him, would reduce the number of his legal votes below the number of votes given to some other person for the same nomination or office, after deducting therefrom the illegal votes which may be shown to have been given to such other person.
